4. The board shall have an official seal bearing the inscription, "State Banking and Savings and Loan Board of the State of Missouri", which shall be judicially noticed.

5. The division of finance may provide administrative services to the board to assist the board with fulfilling its statutory responsibilities.

361.106. BULLETINS AND INDUSTRY LETTERS — DEFINITIONS — ISSUED WHEN — WRITTEN REQUEST, CONTENTS — CONFIDENTIALITY — PUBLICATION OF LETTERS, WHEN. — 1. For purposes of this section, the following terms mean:

(1) "Bulletin", an informal written communication to inform or educate individuals or entities licensed, chartered, or regulated by the division of finance and the general public about a regulatory topic or issue. A bulletin is informational in nature and is not an evaluation of specific facts and circumstances;

(2) "Industry letter", a written communication from the director of finance in response to a specific individual or entity chartered, licensed, or regulated by the division of finance, and that provides the division of finance's position on a particular regulatory topic or issue with respect to a specific set of facts and circumstances.

2. Notwithstanding any other provision of law to the contrary, the director of finance may at his or her discretion issue bulletins addressing the business of the individuals and entities licensed, chartered, or regulated by the division in this state. Bulletins do not have the force or effect of law and shall not be considered statements of general applicability that would require promulgation by rule.

3. Notwithstanding any other provision of law to the contrary, the director of finance may at his or her discretion issue industry letters in response to a written request from an individual or entity licensed, chartered, or regulated by the division, and that seeks the division's position on an application of law. In addition to any materials or information requested by the division, the written request shall include:

5. An industry letter request and response shall be confidential, but a resulting industry letter, if published by the director, may contain non-identifying facts and information derived from the request.

6. After redacting all identifying information, the director may publish industry letters for informational purposes. Because the division may have a different position in response to similar but non-identical facts and circumstances, published industry letters do not have the force or effect of law, are not binding on the division, and shall not be considered statements of general applicability that would require promulgation by rule.

7. Industry letters issued under this section are distinct from letters issued by the director under subdivision (5) of section 362.106, which shall be governed by that section.

The member's total years of creditable service shall be taken into account for the purpose of determining whether the additional allowance attributable to such additional creditable service is two percent, four percent or five percent of the member's average final compensation.

In no event shall the increase described under this subsection be applied to the amount, if any, paid to a member or surviving spouse of a deceased member for services as a special consultant under subsection 5 of this section [or, if applicable, subsection 6 of this section]. If the board of trustees determines that the index has decreased for any year, the benefits of any retired member that have been increased shall be decreased but not below the member's initial benefit. The normal annuity of a member shall equal one and six-tenths percent of the average compensation of the member multiplied by the number of years of creditable service of such member. In addition, the normal annuity of a uniformed member of the patrol shall be increased by thirty-three and one-third percent.

2. In addition, a uniformed member of the highway patrol who is retiring with a normal annuity after attaining normal retirement age shall receive an additional sum of ninety dollars per month as a contribution by the system until such member attains the age of sixty-five years, when such contribution shall cease. To qualify for the contribution provided in this subsection by the system, the retired uniformed member of the highway patrol is made, constituted, appointed and employed by the board as a special consultant on the problems of retirement, aging and other state matters. Such additional contribution shall be reduced each month by such amount earned by the retired uniformed member of the highway patrol in gainful employment. In order to qualify for the additional contribution provided in this subsection, the retired uniformed member of the highway patrol shall have been:

(1) Hired by the Missouri state highway patrol prior to January 1, 1995; and

(2) Employed by the Missouri state highway patrol or receiving long-term disability or work-related disability benefits on the day before the effective date of the member's retirement.

3. In lieu of the annuity payable to the member pursuant to section 104.100, a member whose age at retirement is forty-eight or more may elect in the member's application for retirement to receive one of the following:

Option 1.

An actuarial reduction approved by the board of the member's annuity in reduced monthly payments for life during retirement with the provision that upon the member's death the reduced annuity at date of death shall be continued throughout the life of, and be paid to, the member's spouse; or

If there is no beneficiary surviving the retiree, the reserve for such allowance for the remainder of such one hundred twenty-month period shall be paid to the retiree's estate; or

Option 4.

An actuarial reduction approved by the board of the member's normal annuity in reduced monthly payments for the member's life with the provision that if the member dies prior to the member having received sixty monthly payments of the member's reduced annuity, the member's reduced allowance to which the member would have been entitled had the member lived shall be paid for the remainder of the sixty-month period to such beneficiary as the member shall have nominated by written designation duly executed and filed with the board. If there is no beneficiary surviving the retiree, the reserve for such allowance for the remainder of such sixty-month period shall be paid to the retiree's estate.

4. The election may be made only in the application for retirement, and such application shall be filed at least thirty days but not more than ninety days prior to the date on which the retirement of the member is to be effective, provided that if either the member or the spouse nominated to receive the survivorship payment dies before the effective date of retirement, the election shall not be effective. If after the reduced annuity commences, the spouse predeceases the retired member, the reduced annuity continues to the retired member during the member's lifetime.

5. Effective July 1, 2000, a member may make an election under option 1 or 2 after the date retirement benefits are initiated if the member makes the election within one year from the date of marriage or July 1, 2000, whichever is later, under any of the following circumstances:

(1) The member elected to receive a normal annuity and was not eligible to elect option 1 or 2 on the date retirement benefits were initiated; or

(2) The member's annuity reverted to a normal annuity pursuant to subsection 7 of this section or subsection [7 or] 8 of section 104.103 and the member remarried; or

(3) The member elected option 1 or 2 but the member's spouse at the time of retirement has died and the member has remarried.

6. Any person who terminates employment or retires prior to July 1, 2000, shall be made, constituted, appointed and employed by the board as a special consultant on the problems of retirement, aging and other state matters, and for such services shall be eligible to elect to receive the benefits described in subsection 5 of this section.

7. For retirement applications filed on or after August 28, 2004, the beneficiary for either option 1 or option 2 of subsection 3 of this section shall be the member's spouse at the time of retirement. If the member's marriage ends after retirement as a result of a dissolution of marriage, such dissolution shall

not affect the option election and the former spouse shall continue to be eligible to receive survivor benefits upon death of the member, except a member may cancel his or her election if:

(1) The dissolution of marriage of the member and former spouse occurred on or after January 1, 2021, and the dissolution decree provides for sole retention by the member of all rights in the annuity and provides that the former spouse shall not be entitled to any survivor benefits pursuant to this chapter; or

(2) The dissolution of marriage of the member and former spouse occurred prior to January 1, 2021, and:

(a) The dissolution decree provided for the sole retention by the member of all rights in the annuity pursuant to this chapter, and the parties obtained an amended or modified dissolution decree after January 1, 2021, providing for immediate removal of the former spouse as the beneficiary entitled to survivor benefits to the satisfaction of the system; or

(b) The dissolution decree does not provide for the sole retention by the member of all rights in the annuity and the parties obtained an amended or modified dissolution decree after January 1, 2021, which provides for the sole retention by the member of all rights in the annuity and provides that the former spouse shall not be entitled to any survivor benefits pursuant to this chapter.

Upon meeting the requirements of subdivision (1) or (2) of this subsection, the monthly benefit payable for the lifetime of the member shall be the actuarial equivalent of the annuity payable pursuant to the provisions of option 1 or option 2 of subsection 3 of this section, as adjusted for early retirement if applicable. In no event shall the monthly benefit payable for the lifetime of the member be greater than the amount that would have been payable to the member under subsection 7 or 8 of section 104.103, whichever is applicable, had the former spouse died on the date of the dissolution of marriage. Any increase in the annuity amount pursuant to this subsection shall be prospective and effective the first of the month following the date of receipt by the system of a certified copy of the dissolution decree that meets the requirements of this subsection.

8. Any application for retirement shall only become effective on the first day of the month.

Any retired member who again becomes an employee and who accrues additional creditable service and later retires shall receive an additional amount of monthly annuity calculated to include only the creditable service and the average compensation earned by the member since such employment or creditable service earned as a member of the general assembly. Years of membership service and twelfths of a year are to be used in calculating any additional annuity except for creditable service earned as a member of the general assembly, and such additional annuity shall be based on the type of service accrued. In either event, the original annuity and the additional annuity, if any, shall be paid commencing with the end of the first month after the month during which the member's term of office has been completed, or the member's employment terminated. If a retired member is employed by a department in a position that does not normally require the person to perform duties during at least one thousand forty hours per year, the member shall not be considered an employee as defined pursuant to section 104.010. Any disability benefit payable pursuant to this subsection shall be decreased by any amount paid to such uniformed member of the water patrol by reason of the workers' compensation laws of this state. After termination of payment under workers' compensation, however, any such reduction and disability benefits shall be restored.

2. In all cases in which such error has been made, no such error shall be corrected unless the system discovers or is notified of such error within ten years after the [initial] member's annuity starting date or the date of error, whichever occurs later. In cases of fraud, any error discovered shall be corrected without concern to the amount of time that has passed.

2. A member's annuity shall be paid in the form of a life annuity, except as provided in section 104.1027, and shall be an amount for life equal to one and seven-tenths percent of the final average pay of the member multiplied by the member's years of credited service.

3. The life annuity defined in subsection 2 of this section shall not be less than a monthly amount equal to fifteen dollars multiplied by the member's full years of credited service.

4. If as of the annuity starting date of a member who has attained normal retirement eligibility the sum of the member's years of age and years of credited service equals eighty or more years and if the member's age is at least forty-eight years but less than sixty-two years, or, in the case of a member of the highway patrol who shall be subject to the mandatory retirement provision of section [104.080] 104.081, the mandatory retirement age and completion of five years of credited service, then in addition to the life annuity described in subsection 2 of this section, the member shall receive a temporary annuity equal to eight-tenths of one percent of the member's final average pay multiplied by the member's years of credited service. The temporary annuity and any cost-of-living adjustments attributable to the temporary annuity pursuant to section 104.1045 shall terminate at the end of the calendar month in

which the earlier of the following events occurs: the member's death or the member's attainment of the earliest age of eligibility for reduced Social Security retirement benefits, but no later than age sixty-two.

5. The annuity described in subsection 2 of this section for any person who has credited service not covered by the federal Social Security Act, as provided in [sections 105.300 to 105.430] subdivision (1) of subsection 7 of section 104.342, shall be calculated as follows: the life annuity shall be an amount equal to two and five-tenths percent of the final average pay of the member multiplied by the number of years of service not covered by the federal Social Security Act in addition to one and seven-tenths percent of the final average pay of the member multiplied by the member's years of credited service covered by the federal Social Security Act.

6. Effective July 1, 2002, any member, except an elected official or a member of the general assembly, who has not been paid retirement benefits and continues employment for at least two years beyond the date of normal retirement eligibility, may elect to receive an annuity and lump sum payment or payments, determined as follows:

(1) A retroactive starting date shall be established which shall be a date selected by the member; provided, however, that the retroactive starting date selected by the member shall not be a date which is earlier than the date when a normal annuity would have first been payable. In addition, the retroactive starting date shall not be more than five years prior to the annuity starting date. The member's selection of a retroactive starting date shall be done in twelve-month increments, except this restriction shall not apply when the member selects the total available time between the retroactive starting date and the annuity starting date;

(2) The prospective annuity payable as of the annuity starting date shall be determined pursuant to the provisions of this section, with the exception that it shall be the amount which would have been payable at the annuity starting date had the member actually retired on the retroactive starting date under the retirement plan selected by the member. Other than for the lump sum payment or payments specified in subdivision (3) of this subsection, no other amount shall be due for the period between the retroactive starting date and the annuity starting date;

(3) The lump sum payable shall be ninety percent of the annuity amounts which would have been paid to the member from the retroactive starting date to the annuity starting date had the member actually retired on the retroactive starting date and received a life annuity. The member shall [elect to] receive the lump sum amount [either] in its entirety at the same time as the initial annuity payment is made [or in three equal annual installments with the first payment made at the same time as the initial annuity payment]; and

(4) [Any annuity payable pursuant to this section that is subject to a division of benefit order pursuant to section 104.1051 shall be calculated as follows:

(a) Any service of a member between the retroactive starting date and the annuity starting date shall not be considered credited service except for purposes of calculating the division of benefit; and

(b) The lump sum payment described in subdivision (3) of this section shall not be subject to any division of benefit order; and

(5)] For purposes of determining annual benefit increases payable as part of the lump sum and annuity provided pursuant to this section, the retroactive starting date shall be considered the member's date of retirement.

7. Any vested former member who terminated employment after attaining normal retirement eligibility shall be considered a member for the purposes of this section.

be considered to be a new employee with no previous credited service and must accrue credited service continuously for at least one year in order to receive any additional annuity. Such retiree shall receive an additional annuity in addition to the original annuity, calculated based only on the credited service and the pay earned by such retiree during reemployment and paid in accordance with the annuity option originally elected; provided such retiree who ceases to receive an annuity pursuant to this section shall not receive such additional annuity if such retiree is employed by a department in a position that is covered by a state-sponsored defined benefit retirement plan not created pursuant to this chapter. The original annuity and any additional annuity shall be paid commencing as of the end of the first month after the month during which the retiree's reemployment terminates. Cost-of-living adjustments paid under section 104.1045 shall not accrue while a retiree is employed as described in this section except, notwithstanding the provisions of section 105.684 to the contrary, those retirees serving as a member of the general assembly or as a statewide elected official under section 104.1084. Any future cost-of-living adjustments paid after the retiree terminates such employment will be paid in the same month as the retiree's original annual benefit increases were paid.

104.1051. ANNUITY DEEMED MARITAL PROPERTY — DIVISION OF BENEFITS — CALCULATION. — 1. Any annuity provided pursuant to the year 2000 plan is marital property and a court of competent jurisdiction may divide such annuity between the parties to any action for dissolution of marriage if at the time of the dissolution the member has at least five years of credited service pursuant to sections 104.1003 to 104.1093. A division of benefits order issued pursuant to this section:

(2) Shall not require the applicable retirement system to commence payments until the member's annuity starting date;

(3) Shall identify the monthly amount to be paid to the former spouse, which shall be expressed as a percentage and which shall not exceed fifty percent of the amount of the member's annuity accrued during all or part of the period of the marriage of the member and former spouse excluding service accrued under subsection 2 of section 104.1021; and which shall be based on the member's vested annuity on the date of the dissolution of marriage or an earlier date as specified in the order, which amount shall be adjusted proportionately upon the annuity starting date if the member's annuity is reduced due to the receipt of an early retirement annuity or the member's annuity is reduced pursuant to section 104.1027 under an annuity option in which the member named the alternate payee as beneficiary prior to the dissolution of marriage;

(4) Shall not require the payment of an annuity amount to the member and former spouse which in total exceeds the amount which the member would have received without regard to the order;

(5) Shall provide that any annuity increases, additional years of credited service, increased final average pay, increased pay pursuant to subsections 2 and 5 of section 104.1084, or other type of increases accrued after the date of the dissolution of marriage and any temporary annuity received pursuant to subsection 4 of section 104.1024 shall accrue solely to the benefit of the member; except that on or after September 1, 2001, any cost-of-living adjustment (COLA) due after the annuity starting date shall not be considered to be an increase accrued after the date of termination of marriage and shall be part of the monthly amount subject to division pursuant to any order issued after September 1, 2001;

(6) Shall terminate upon the death of either the member or the former spouse, whichever occurs first;

(7) Shall not create an interest which is assignable or subject to any legal process;

(8) Shall include the name, address, and date of birth of both the member and the former spouse, and the identity of the retirement system to which it applies;

(9) Shall be consistent with any other division of benefits orders which are applicable to the same member;

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law.
Matter underscored is proposed language.

(10) Shall not require the applicable retirement system to continue payments to the alternate payee if the member's retirement benefit is suspended or waived as provided by this chapter but such payments shall resume when the retiree begins to receive retirement benefits in the future.

2. A system shall provide the court having jurisdiction of a dissolution of a marriage proceeding or the parties to the proceeding with information necessary to issue a division of benefits order concerning a member of the system, upon written request from either the court, the member, or the member's spouse, citing this section and identifying the case number and parties.

3. A system shall have the discretionary authority to reject a division of benefits order for the following reasons:

- (1) The order does not clearly state the rights of the member and the former spouse;
- (2) The order is inconsistent with any law governing the retirement system.

4. Any member of the closed plan who elected the year 2000 plan pursuant to section 104.1015 and then becomes divorced and subject to a division of benefits order shall have the division of benefits order calculated pursuant to the provisions of the year 2000 plan.

5. Any annuity payable under section 104.1024 that is subject to a division of benefits order under this section shall be calculated as follows:

(1) In instances of divorce after retirement, any service or pay of a member between the retroactive starting date and the annuity starting date shall not be considered creditable service or pay; and

(2) The lump-sum payment described in subdivision (3) of subsection 6 of section 104.1024 shall not be subject to any division of benefits order.

104.1060. ERRONEOUS AMOUNT PAID, CORRECTION — PENALTY FOR FALSIFICATION — DISQUALIFICATION FROM RECEIPT OF PAYMENTS, WHEN. — 1. Should any error result in any person receiving more or less than the person would have been entitled to receive had the error not occurred, the board shall correct such error, and, as far as practicable, make future payments in such a manner that the actuarial equivalent of the annuity to which such person was entitled shall be paid, and to this end may recover any overpayments. In all cases in which such error has been made, no such error shall be corrected unless the system discovers or is notified of such error within ten years after the [initial] member's annuity starting date or the date of error, whichever occurs later. In cases of fraud, any error discovered shall be corrected without concern to the amount of time that has passed.

2. A person who knowingly makes a false statement, or falsifies or permits to be falsified a record of the system, in an attempt to defraud the system shall be subject to fine or imprisonment under the Missouri revised statutes.

3. A board shall not pay an annuity to any survivor or beneficiary who is charged with the intentional killing of a member, retiree or survivor without legal excuse or justification. A survivor or beneficiary who is convicted of such charge shall no longer be entitled to receive an annuity. If the survivor or beneficiary is not convicted of such charge, the board shall resume annuity payments and shall pay the survivor or beneficiary any annuity payments that were suspended pending resolution of such charge.

104.1066. ACTUARIAL VALUATIONS, METHODS USED — CERTIFICATION OF CONTRIBUTION RATE, WHEN. — 1. The year 2000 plan intends to follow a financing pattern which computes and requires contribution amounts which, expressed as percents of active member payroll, will remain approximately level from year to year and from one generation of citizens to the next generation. Such contribution determinations require regular actuarial valuations, which shall be made by the board's actuary, using assumptions and methods adopted by the board after consulting with its actuary. The entry age-normal cost valuation method shall be used in determining the normal cost], and contributions for unfunded accrued liabilities shall be determined using level percent-of-payroll amortization] calculation. For purposes of this subsection and section 104.436, the actuary shall

determine a single contribution rate applicable to both closed plan and year 2000 plan participants and, in determining such rate, make estimates of the probabilities of closed plan participants transferring to the year 2000 plan.

2. At least ninety days before each regular session of the general assembly, the board of the Missouri state employees' retirement system shall certify to the division of budget the contribution rate necessary to cover the liabilities of the year 2000 plan administered by such system, including costs of administration, expected to accrue during the next appropriation period. The commissioner of administration shall request appropriations based upon the contribution rate so certified. From appropriations so made, the commissioner of administration shall certify contribution amounts to the state treasurer who in turn shall immediately pay the contributions to the year 2000 plan.

3. The employers of members covered by the Missouri state employees' retirement system who are not paid out of funds that have been deposited in the state treasury shall remit following each pay period to the year 2000 plan an amount equal to the amount which the state would have paid if those members had been paid entirely from state funds. Such employers shall maintain payroll records for a minimum of five years and shall produce all such records as requested by the system. The system is authorized to request from the state office of administration an appropriation out of the annual budget of any such employer in the event such records indicate that such employer has not contributed the amounts required by this section. The office of administration shall request such appropriation which shall be equal to the amount necessary to replace any shortfall in contributions as determined by the system. From appropriations so made, the commissioner of administration shall certify contribution amounts to the state treasurer who in turn shall immediately pay such contributions to the year 2000 plan.

4. At least ninety days before each regular session of the general assembly, the board of the transportation department and highway patrol retirement system shall certify to the department of transportation and the department of public safety the contribution rate necessary to cover the liabilities of the year 2000 plan administered by such system, including costs of administration, expected to accrue during the next biennial or other appropriation period. Each department shall include in its budget and in its request for appropriations for personal service the sum so certified to it by such board, and shall present the same to the general assembly for allowance. The sums so certified and appropriated, when available, shall be immediately paid to the system and deposited in the highway and transportation employees' and highway patrol retirement and benefit fund.

5. These amounts are funds of the year 2000 plan and shall not be commingled with any funds in the state treasury.

104.1072. LIFE INSURANCE BENEFITS — MEDICAL INSURANCE FOR CERTAIN RETIREES.

— 1. Each board shall provide or contract, or both, for life insurance benefits for employees covered pursuant to the year 2000 plan as follows:

Effective January 1, 2001, the system shall provide or contract or both for basic life insurance for employees covered under any retirement plan administered by the system pursuant to this chapter, persons covered by sections 287.812 to 287.856, for employees who are members of the judicial retirement system as provided in section 476.590, and, at the election of the state highways and transportation commission, employees who are members of the [highways and] Missouri department of transportation [employees'] and highway patrol employees' retirement system, in the amount equal to one times annual pay, subject to a minimum amount of fifteen thousand dollars. The board shall establish by rule or contract the method for determining the annual rate of pay and any other terms of such insurance as it deems necessary to implement the requirements pursuant to this section. Annual rate of pay shall not include overtime or any other irregular payments as determined by the board. Such life insurance shall provide for triple indemnity in the event the cause of death is a proximate result of a personal injury or disease arising out of and in the course of actual performance of duty as an employee;

(2) Any member who terminates employment after reaching normal or early retirement eligibility and becomes a retiree within ~~[sixty]~~ sixty-five days of such termination shall receive five thousand dollars of life insurance coverage.

2. (1) In addition to the life insurance authorized by the provisions of subsection 1 of this section, any person for whom life insurance is provided or contracted for pursuant to such subsection may purchase, at the person's own expense and only if monthly voluntary payroll deductions are authorized, additional life insurance at a cost to be stipulated in a contract with a private insurance company or as may be required by a system if the board of trustees determines that the system should provide such insurance itself. The maximum amount of additional life insurance which may be so purchased prior to January 1, 2004, is that amount which equals six times the amount of the person's annual rate of pay, subject to any maximum established by a board, except that if such maximum amount is not evenly divisible by one thousand dollars, then the maximum amount of additional insurance which may be purchased is the next higher amount evenly divisible by one thousand dollars. The maximum amount of additional life insurance which may be so purchased on or after January 1, 2004, is an amount to be stipulated in a contract with a private insurance company or as may be required by the system if the board of trustees determines that the system should provide the insurance itself.

(2) Any person defined in subdivision (1) of this subsection may retain an amount not to exceed sixty thousand dollars of life insurance following the date of his or her retirement if such person becomes a retiree the month following termination of employment and makes written application for such life insurance at the same time such person's application is made to the board for retirement benefits. Such life insurance shall only be provided if such person pays the entire cost of the insurance, as determined by the board, by allowing voluntary deductions from the member's annuity.

(3) In addition to the life insurance authorized in subdivision (1) of this subsection, any person for whom life insurance is provided or contracted for pursuant to this subsection may purchase, at the person's own expense and only if monthly voluntary payroll deductions are authorized, life insurance covering the person's children or the person's spouse or both at coverage amounts to be determined by the board at a cost to be stipulated in a contract with a private insurer or as may be required by the system if the board of trustees determines that the system should provide such insurance itself.

(4) Effective July 1, 2000, any member who applies and is eligible to receive an annuity based on the attainment of at least forty-eight years of age with a total of years of age and years of credited service which is at least eighty shall be eligible to retain any optional life insurance described in subdivision (1) of this subsection. The amount of such retained insurance shall not be greater than the amount in effect during the month prior to termination of employment. Such insurance may be retained until the member's attainment of the earliest age for eligibility for reduced Social Security retirement benefits but no later than age sixty-two, at which time the amount of such insurance that may be retained shall be that amount permitted pursuant to subdivision (2) of this subsection.

3. The state highways and transportation commission may provide for insurance benefits to cover medical expenses for members of the ~~[highways and]~~ Missouri department of transportation ~~[employees']~~ and highway patrol employees' retirement system. The state highways and transportation commission may provide medical benefits for dependents of members and for retired members. Contributions by the state highways and transportation commission to provide the benefits shall be on the same basis as provided for other state employees pursuant to the provisions of section 104.515. Except as otherwise provided by law, the cost of benefits for dependents of members and for retirees and their dependents shall be paid by the members or retirees. The commission may contract with other persons or entities including but not limited to third-party administrators, health network providers and health maintenance organizations for all, or any part of, the benefits provided for in this section. The commission may require reimbursement of any medical claims paid by the commission's medical plan for which there was third-party liability.

4. The [highways and] Missouri department of transportation [employees'] and highway patrol employees' retirement system may request the state highways and transportation commission to provide life insurance benefits as required in subsections 1 and 2 of this section. If the state highways and transportation commission agrees to the request, the [highways and] Missouri department of transportation [employees'] and highway patrol employees' retirement system shall reimburse the state highways and transportation commission for any and all costs for life insurance provided pursuant to subdivision (2) of subsection 1 of this section. The person who is covered pursuant to subsection 2 of this section shall be solely responsible for the costs of any additional life insurance. In lieu of the life insurance benefit in subdivision (2) of subsection 1 of this section, the [highways and] Missouri department of transportation [employees'] and highway patrol employees' retirement system is authorized in its sole discretion to provide a death benefit of five thousand dollars.

5. To the extent that the board enters or has entered into any contract with any insurer or service organization to provide life insurance provided for pursuant to this section:

(1) The obligation to provide such life insurance shall be primarily that of the insurer or service organization and secondarily that of the board;

(2) Any member who has been denied life insurance benefits by the insurer or service organization and has exhausted all appeal procedures provided by the insurer or service organization may appeal such decision by filing a petition against the insurer or service organization in a court of law in the member's county of residence; and

(3) The board and the system shall not be liable for life insurance benefits provided by an insurer or service organization pursuant to this section and shall not be subject to any cause of action with regard to life insurance benefits or the denial of life insurance benefits by the insurer or service organization unless the member has obtained judgment against the insurer or service organization for life insurance benefits and the insurer or service organization is unable to satisfy that judgment.

4. If an optional benefit as provided in option 2, 3 or 4 in subsection 3 of this section had been elected, and the beneficiary dies after receiving the optional benefit, and if the total retirement allowance paid to the retired individual and the beneficiary of the retired individual is less than the total of the contributions, the difference shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the beneficiary, in that order of precedence, unless the retired individual designates a different recipient with the board at or after retirement.

5. If a member dies and his or her financial institution is unable to accept the final payment or payments due to the member, the final payment or payments shall be paid to the beneficiary of the member or, if there is no beneficiary, to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the member, in that order of precedence, unless otherwise stated. If the beneficiary of a deceased member dies and his or her financial institution is unable to accept the final payment or payments, the final payment or payments shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the member, in that order of precedence, unless otherwise stated.

6. If a member dies before receiving a retirement allowance, the member's accumulated contributions at the time of the death of the member shall be paid to the beneficiary of the member or, if there is no beneficiary, to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or to the estate of the member, in that order of precedence; except that, no such payment shall be made if the beneficiary elects option 2 in subsection 3 of this section, unless the beneficiary dies before having received benefits pursuant to that subsection equal to the accumulated contributions of the member, in which case the amount of accumulated contributions in excess of the total benefits paid pursuant to that subsection shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the beneficiary, in that order of precedence.

7. If a member ceases to be a public school employee as herein defined and certifies to the board of trustees that such cessation is permanent, or if the membership of the person is otherwise terminated, the member shall be paid the member's accumulated contributions with interest.

8. Notwithstanding any provisions of sections 169.010 to 169.141 to the contrary, if a member ceases to be a public school employee after acquiring five or more years of membership service in Missouri, the member may at the option of the member leave the member's contributions with the retirement system and claim a retirement allowance any time after reaching the minimum age for voluntary retirement. When the member's claim is presented to the board, the member shall be granted an allowance as provided in sections 169.010 to 169.141 on the basis of the member's age, years of service, and the provisions of the law in effect at the time the member requests the member's retirement to become effective.

9. The retirement allowance of a member retired because of disability shall be nine-tenths of the allowance to which the member's creditable service would entitle the member if the member's age were sixty, or fifty percent of one-twelfth of the annual salary rate used in determining the member's contributions during the last school year for which the member received a year of creditable service immediately prior to the member's disability, whichever is greater, except that no such allowance shall exceed the retirement allowance to which the member would have been entitled upon retirement at age sixty if the member had continued to teach from the date of disability until age sixty at the same salary rate.

10. Notwithstanding any provisions of sections 169.010 to 169.141 to the contrary, from October 13, 1961, the contribution rate pursuant to sections 169.010 to 169.141 shall be multiplied by the factor of two-thirds for any member of the system for whom federal Old Age and Survivors Insurance tax is paid from state or local tax funds on account of the member's employment entitling the person to membership in the system. The monetary benefits for a member who elected not to exercise an option to pay into the system a retroactive contribution of four percent on that part of the member's annual

(1) For years of service prior to July 1, 1946, six-tenths of the full amount payable for years of membership service;

(2) For years of membership service after July 1, 1946, in which the full contribution rate was paid, full benefits under the formula in effect at the time of the member's retirement;

(3) For years of membership service after July 1, 1957, and prior to July 1, 1961, the benefits provided in this section as it appears in RSMo, 1959; except that if the member has at least thirty years of creditable service at retirement the member shall receive the benefit payable pursuant to that section as though the member's age were sixty-five at retirement;

(4) For years of membership service after July 1, 1961, in which the two-thirds contribution rate was paid, two-thirds of the benefits under the formula in effect at the time of the member's retirement.

(1) For years of service prior to July 1, 1946, six-tenths of the full amount payable for years of membership service;

(2) For years of membership service after July 1, 1946, in which the full contribution rate was paid, full benefits under the formula in effect at the time of the member's retirement;

(3) For years of membership service after July 1, 1957, in which the two-thirds contribution rate was paid, two-thirds of the benefits under the formula in effect at the time of the member's retirement.

12. Any retired member of the system who was retired prior to September 1, 1972, or beneficiary receiving payments under option 1 or option 2 of subsection 3 of this section, as such option existed prior to September 1, 1972, will be eligible to receive an increase in the retirement allowance of the member of two percent for each year, or major fraction of more than one-half of a year, which the retired member has been retired prior to July 1, 1975. This increased amount shall be payable commencing with January, 1976, and shall thereafter be referred to as the member's retirement allowance. The increase provided for in this subsection shall not affect the retired member's eligibility for compensation provided for in section 169.580 or 169.585, nor shall the amount being paid pursuant to these sections be reduced because of any increases provided for in this section.

13. If the board of trustees determines that the cost of living, as measured by generally accepted standards, increases two percent or more in the preceding fiscal year, the board shall increase the retirement allowances which the retired members or beneficiaries are receiving by two percent of the amount being received by the retired member or the beneficiary at the time the annual increase is granted by the board with the provision that the increases provided for in this subsection shall not become effective until the fourth January first following the member's retirement or January 1, 1977, whichever later occurs, or in the case of any member retiring on or after July 1, 2000, the increase provided for in this subsection shall not become effective until the third January first following the member's retirement, or in the case of any member retiring on or after July 1, 2001, the increase provided for in this subsection shall not become effective until the second January first following the member's retirement. Commencing with January 1, 1992, if the board of trustees determines that the cost of living has increased five percent or more in the preceding fiscal year, the board shall increase the retirement allowances by five percent. The total of the increases granted to a retired member or the beneficiary after December 31, 1976, may not exceed eighty percent of the retirement allowance established at retirement or as previously adjusted by other subsections. If the cost of living increases less than five percent, the board of trustees may determine the percentage of increase to be made in retirement allowances, but at no time can the increase exceed five percent per year. If the cost of living decreases

14. The board of trustees may reduce the amounts which have been granted as increases to a member pursuant to subsection 13 of this section if the cost of living, as determined by the board and as measured by generally accepted standards, is less than the cost of living was at the time of the first increase granted to the member; except that, the reductions shall not exceed the amount of increases which have been made to the member's allowance after December 31, 1976.

15. Any application for retirement shall include a sworn statement by the member certifying that the spouse of the member at the time the application was completed was aware of the application and the plan of retirement elected in the application.

16. Notwithstanding any other provision of law, any person retired prior to September 28, 1983, who is receiving a reduced retirement allowance under option 1 or option 2 of subsection 3 of this section, as such option existed prior to September 28, 1983, and whose beneficiary nominated to receive continued retirement allowance payments under the elected option dies or has died, shall upon application to the board of trustees have his or her retirement allowance increased to the amount he or she would have been receiving had the option not been elected, actuarially adjusted to recognize any excessive benefits which would have been paid to him or her up to the time of application.

17. Benefits paid pursuant to the provisions of the public school retirement system of Missouri shall not exceed the limitations of Section 415 of Title 26 of the United States Code except as provided pursuant to this subsection. Notwithstanding any other law to the contrary, the board of trustees may establish a benefit plan pursuant to Section 415(m) of Title 26 of the United States Code. Such plan shall be created solely for the purpose described in Section 415(m)(3)(A) of Title 26 of the United States Code. The board of trustees may promulgate regulations necessary to implement the provisions of this subsection and to create and administer such benefit plan.

18. Notwithstanding any other provision of law to the contrary, any person retired before, on, or after May 26, 1994, shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such requests. Subject to appropriation, moneys in the fund shall be distributed by the state treasurer solely for the administration of sections 285.1000 to 285.1055.

2. Notwithstanding the provisions of section 33.080 to the contrary, any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund.

3. The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

4. The Show-Me MyRetirement Savings administrative fund shall consist of:

(1) Moneys appropriated to the administrative fund by the general assembly;

(2) Moneys transferred to the administrative fund from the federal government, other state agencies, or local governments;

To the extent consistent with ERISA, the tax qualification rules, and other federal law, the board shall accept any grants, gifts, appropriations, or other moneys from the state; any unit of federal, state, or local government; or any other person, firm, partnership, corporation, or other entity solely for deposit into the administrative fund, whether for investment or administrative expenses.

as may be necessary for this purpose, provided that such funds are borrowed in the name of the plan and board only and that any such borrowings shall be payable solely from the revenues of the plan; and

(2) The board may enter into long-term procurement contracts with one or more financial providers that provide a fee structure that would assist the plan in avoiding or minimizing the need to borrow or to rely upon general assets of the state.

7. Subject to appropriation, the state of Missouri may pay administrative costs associated with the creation, maintenance, operation, and management of the plan and trust until sufficient assets are available in the administrative fund for that purpose. Thereafter, all administrative costs of the administrative fund, including any repayment of start-up funds provided by the state of Missouri, shall be repaid only out of moneys on deposit therein. However, private funds or federal funding received in order to implement the program until the administrative fund is self-sustaining shall not be repaid unless those funds were offered contingent upon the promise of such repayment.

8. The board may use the moneys in the administrative fund solely to pay the administrative costs and expenses of the plan and the administrative costs and expenses the board incurs in the performance of its duties under sections 285.1000 to 285.1055.

9. The state treasurer's office shall follow the competitive bids procedure adopted by the office of administration for the following:

285.1055. PLAN CONTRIBUTION START DATE — PHASE IN PERMITTED. — 1. The board shall establish the plan so that individuals are able to begin contributing under the plan on or before September 1, 2025.

2. The board may, in its discretion, phase in the plan so that the ability to contribute first applies on different dates for different classes of individuals, including employees of employers of different sizes or types and individuals who are not employees; provided that, any such staged or phased-in implementation schedule shall be substantially completed on or before September 1, 2025.

476.521. NEW JUDGES, BENEFITS, ELIGIBILITY REQUIREMENTS — CONTRIBUTION AMOUNT — EMPLOYMENT AFTER RETIREMENT, EFFECT OF. — 1. 2. Any person who is at least sixty-seven years of age, has served in this state an aggregate of at least twelve years, continuously or otherwise, as a judge, and ceases to hold office by reason of the expiration of the judge's term, voluntary resignation, or retirement pursuant to the provisions of Subsection 2 of Section 24 of Article V of the Constitution of Missouri may receive benefits as provided in sections 476.515 to 476.565. The twelve-year requirement of this subsection may be fulfilled by service as judge in any of the courts covered, or by service in any combination as judge of such courts, totaling an aggregate of twelve years. Any judge who is at least sixty-seven years of age and who has served less than twelve years and is otherwise qualified under sections 476.515 to 476.565 may retire after reaching age sixty-seven, or thereafter, at a reduced retirement compensation in a sum equal to the proportion of the retirement compensation provided in section 476.530 that his or her period of judicial service bears to twelve years.

3. Any person who is at least sixty-two years of age or older, has served in this state an aggregate of at least twenty years, continuously or otherwise, as a judge, and ceases to hold office by reason of the expiration of the judge's term, voluntary resignation, or retirement pursuant to the provisions of Subsection 2 of Section 24 of Article V of the Constitution of Missouri may receive benefits as provided in sections 476.515 to 476.565. The twenty-year requirement of this subsection may be fulfilled by service as a judge in any of the courts covered, or by service in any combination as judge of such courts, totaling an aggregate of twenty years. Any judge who is at least sixty-two years of age and who has served less than twenty years and is otherwise qualified under sections 476.515 to 476.565 may retire after reaching age sixty-two, at a reduced retirement compensation in a sum equal to the proportion of the retirement compensation provided in section 476.530 that his or her period of judicial service bears to twenty years.

4. All judges under this section required by the provisions of Section 26 of Article V of the Constitution of Missouri to retire at the age of seventy years shall retire upon reaching that age.

5. The provisions of sections 104.344, 476.524, and 476.690 shall not apply to judges covered by this section.

6. A judge shall be required to contribute four percent of the judge's compensation to the retirement system, which shall stand to the judge's credit in his or her individual account with the system, together with investment credits thereon, for purposes of funding retirement benefits payable as provided in sections 476.515 to 476.565, subject to the following provisions:

(1) The state of Missouri employer, pursuant to the provisions of 26 U.S.C. Section 414(h)(2), shall pick up and pay the contributions that would otherwise be payable by the judge under this section. The contributions so picked up shall be treated as employer contributions for purposes of determining the judge's compensation that is includable in the judge's gross income for federal income tax purposes;

(2) Judge contributions picked up by the employer shall be paid from the same source of funds used for the payment of compensation to a judge. A deduction shall be made from each judge's

compensation equal to the amount of the judge's contributions picked up by the employer. This deduction, however, shall not reduce the judge's compensation for purposes of computing benefits under the retirement system pursuant to this chapter;

(3) Judge contributions so picked up shall be credited to a separate account within the judge's individual account so that the amounts contributed pursuant to this section may be distinguished from the amounts contributed on an after-tax basis;

(4) The contributions, although designated as employee contributions, are being paid by the employer in lieu of the contributions by the judge. The judge shall not have the option of choosing to receive the contributed amounts directly instead of having them paid by the employer to the retirement system;

(5) Interest shall be credited annually on June thirtieth based on the value in the account as of July first of the immediately preceding year at a rate of four percent. Effective June 30, 2024, and each June thirtieth thereafter, the interest crediting rate shall be equal to the investment rate that is published by the United States Department of the Treasury, or its successor agency, for fifty-two-week treasury bills for the relevant auction that is nearest to the preceding July first, or a successor treasury bill investment rate as approved by the board if the fifty-two-week treasury bill is no longer issued. Interest credits shall cease upon retirement or death of the judge;

(6) A judge whose employment is terminated may request a refund of his or her contributions and interest credited thereon. If such judge is married at the time of such request, such request shall not be processed without consent from the spouse. A judge is not eligible to request a refund if the judge's retirement benefit is subject to a division of benefit order pursuant to section 104.312. Such refund shall be paid by the system after ninety days from the date of termination of employment or the request, whichever is later and shall include all contributions made to any retirement plan administered by the system and interest credited thereon. A judge may not request a refund after such judge becomes eligible for retirement benefits under sections 476.515 to 476.565. A judge who receives a refund shall forfeit all the judge's service and future rights to receive benefits from the system and shall not be eligible to receive any long-term disability benefits; provided that any judge or former judge receiving long-term disability benefits shall not be eligible for a refund. If such judge subsequently becomes a judge and works continuously for at least one year, the service previously forfeited shall be restored if the judge returns to the system the amount previously refunded plus interest at a rate established by the board;

(7) The beneficiary of any judge who made contributions shall receive a refund upon the judge's death equal to the amount, if any, of such contributions and interest credited thereon, less any retirement benefits received by the judge unless an annuity is payable to a survivor or beneficiary as a result of the judge's death. In that event, the beneficiary of the survivor or beneficiary who received the annuity shall receive a refund upon the survivor's or beneficiary's death equal to the amount, if any, of the judge's contributions less any annuity amounts received by the judge and the survivor or beneficiary.

7. The employee contribution rate, the benefits provided under sections 476.515 to 476.565 to judges covered under this section, and any other provision of sections 476.515 to 476.565 with regard to judges covered under this section may be altered, amended, increased, decreased, or repealed, but only with respect to services rendered by the judge after the effective date of such alteration, amendment, increase, decrease, or repeal, or, with respect to interest credits, for periods of time after the effective date of such alteration, amendment, increase, decrease, or repeal.

8. Any judge who is receiving retirement compensation under section 476.529 or 476.530 who becomes employed as an employee eligible to participate in the closed plan or in the year 2000 plan under chapter 104, shall not receive such retirement compensation for any calendar month in which the retired judge is so employed. Any judge who is receiving retirement compensation under section 476.529 or section 476.530 who subsequently serves as a judge as defined pursuant to subdivision (4) of subsection 1 of section 476.515 shall not receive such retirement compensation for any calendar month in which the retired judge is serving as a judge; except that upon retirement such judge's annuity

[104.130. DEATH BENEFIT OF RETIRED MEMBER. — Upon the death of a retired member, the board shall pay to such member's designated beneficiaries or to his estate a death benefit equal to the excess, if any, of the accumulated contributions of the member at retirement over the total amount of retirement benefits received by such member prior to his death.]

The initial percentage rate set by the board for counties with and without a charter form of government and any city not within a county shall be set by June thirtieth of each applicable year and may be adjusted annually for the first three years, and thereafter the rate may be adjusted every three years; however, at no point shall the board set rates that fall below twenty-five percent for counties without a charter form of government and sixty-five percent for counties with a charter form of government and any city not within a county.

(6) Any amounts received by a county or city under subdivision (5) of this subsection shall be used only for purposes authorized in sections 190.305, 190.325, and 190.335. 6. The provisions of this section shall become effective unless the governing body of a county or city adopts an ordinance, order, rule, resolution, or regulation by at least a two-thirds vote prohibiting the charge established under this section from becoming effective in the county or city at least forty-five days prior to the effective date of this section. If the governing body does adopt such ordinance, order, rule, resolution, or regulation by at least a two-thirds vote, the charge shall not be collected and the county or city shall not be allowed to obtain funds from the Missouri 911 service trust fund that are remitted to the fund under the charge established under this section. The Missouri 911 service board shall, by September 1, 2018, notify all counties and cities of the implementation of the charge established under this section, and the procedures set forth under this subsection for prohibiting the charge from becoming effective.

7. Any county or city which prohibited the prepaid wireless emergency telephone service charge pursuant to the provisions of subsection 6 of this section may take a vote of the governing body, and notify the department of revenue of the result of such vote[, by November 15, 2019,] to impose such charge [effective January 1, 2020]. 2. An injury or death by occupational disease is compensable only if the occupational exposure was the prevailing factor in causing both the resulting medical condition and disability. The "prevailing

(c) Benefits payable to a first responder under this section are compensable only if demonstrated by clear and convincing evidence that PTSD has resulted from the course and scope of employment, and the first responder is examined and diagnosed with PTSD by an authorized treating physician, due to the first responder experiencing one of the following qualifying events:

a. Seeing for oneself a deceased minor;

b. Witnessing directly the death of a minor;

c. Witnessing directly the injury to a minor who subsequently died prior to or upon arrival at a hospital emergency department, participating in the physical treatment of, or manually transporting, an injured minor who subsequently died prior to or upon arrival at a hospital emergency department;

Enacts provisions relating to a tax exemption for certain federal grants.

AN ACT to repeal section 143.121, RSMo, and to enact in lieu thereof one new section relating to a tax exemption for certain federal grants.

SECTION

A Enacting clause.

143.121 Missouri adjusted gross income.

Be it enacted by the General Assembly of the State of Missouri, as follows:

SECTION A. ENACTING CLAUSE. — Section 143.121, RSMo, is repealed and one new section enacted in lieu thereof, to be known as section 143.121, to read as follows:

143.121. MISSOURI ADJUSTED GROSS INCOME. — 1. The Missouri adjusted gross income of a resident individual shall be the taxpayer's federal adjusted gross income subject to the modifications in this section.

2. There shall be added to the taxpayer's federal adjusted gross income:

(1) The amount of any federal income tax refund received for a prior year which resulted in a Missouri income tax benefit. The amount added pursuant to this subdivision shall not include any amount of a federal income tax refund attributable to a tax credit reducing a taxpayer's federal tax liability pursuant to Public Law 116-136 or 116-260, enacted by the 116th United States Congress, for the tax year beginning on or after January 1, 2020, and ending on or before December 31, 2020, and deducted from Missouri adjusted gross income pursuant to section 143.171. The amount added under this subdivision shall also not include any amount of a federal income tax refund attributable to a tax credit reducing a taxpayer's federal tax liability under any other federal law that provides direct economic impact payments to taxpayers to mitigate financial challenges related to the COVID-19 pandemic, and deducted from Missouri adjusted gross income under section 143.171;

(2) Interest on certain governmental obligations excluded from federal gross income by 26 U.S.C. Section 103 of the Internal Revenue Code, as amended. The previous sentence shall not apply to interest on obligations of the state of Missouri or any of its political subdivisions or authorities and shall not apply to the interest described in subdivision (1) of subsection 3 of this section. The amount added pursuant to this subdivision shall be reduced by the amounts applicable to such interest that would have been deductible in computing the taxable income of the taxpayer except only for the application of 26 U.S.C. Section 265 of the Internal Revenue Code, as amended. The reduction shall only be made if it is at least five hundred dollars;

(3) The amount of any deduction that is included in the computation of federal taxable income pursuant to 26 U.S.C. Section 168 of the Internal Revenue Code as amended by the Job Creation and Worker Assistance Act of 2002 to the extent the amount deducted relates to property purchased on or after July 1, 2002, but before July 1, 2003, and to the extent the amount deducted exceeds the amount

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter underscored is proposed language.

that would have been deductible pursuant to 26 U.S.C. Section 168 of the Internal Revenue Code of 1986 as in effect on January 1, 2002;

(4) The amount of any deduction that is included in the computation of federal taxable income for net operating loss allowed by 26 U.S.C. Section 172 of the Internal Revenue Code of 1986, as amended, other than the deduction allowed by 26 U.S.C. Section 172(b)(1)(G) and 26 U.S.C. Section 172(i) of the Internal Revenue Code of 1986, as amended, for a net operating loss the taxpayer claims in the tax year in which the net operating loss occurred or carries forward for a period of more than twenty years and carries backward for more than two years. Any amount of net operating loss taken against federal taxable income but disallowed for Missouri income tax purposes pursuant to this subdivision after June 18, 2002, may be carried forward and taken against any income on the Missouri income tax return for a period of not more than twenty years from the year of the initial loss; and

(5) For nonresident individuals in all taxable years ending on or after December 31, 2006, the amount of any property taxes paid to another state or a political subdivision of another state for which a deduction was allowed on such nonresident's federal return in the taxable year unless such state, political subdivision of a state, or the District of Columbia allows a subtraction from income for property taxes paid to this state for purposes of calculating income for the income tax for such state, political subdivision of a state, or the District of Columbia;

(6) For all tax years beginning on or after January 1, 2018, any interest expense paid or accrued in a previous taxable year, but allowed as a deduction under 26 U.S.C. Section 163, as amended, in the current taxable year by reason of the carryforward of disallowed business interest provisions of 26 U.S.C. Section 163(j), as amended. For the purposes of this subdivision, an interest expense is considered paid or accrued only in the first taxable year the deduction would have been allowable under 26 U.S.C. Section 163, as amended, if the limitation under 26 U.S.C. Section 163(j), as amended, did not exist.

3. There shall be subtracted from the taxpayer's federal adjusted gross income the following amounts to the extent included in federal adjusted gross income:

(1) Interest received on deposits held at a federal reserve bank or interest or dividends on obligations of the United States and its territories and possessions or of any authority, commission or instrumentality of the United States to the extent exempt from Missouri income taxes pursuant to the laws of the United States. The amount subtracted pursuant to this subdivision shall be reduced by any interest on indebtedness incurred to carry the described obligations or securities and by any expenses incurred in the production of interest or dividend income described in this subdivision. The reduction in the previous sentence shall only apply to the extent that such expenses including amortizable bond premiums are deducted in determining the taxpayer's federal adjusted gross income or included in the taxpayer's Missouri itemized deduction. The reduction shall only be made if the expenses total at least five hundred dollars;

(2) The portion of any gain, from the sale or other disposition of property having a higher adjusted basis to the taxpayer for Missouri income tax purposes than for federal income tax purposes on December 31, 1972, that does not exceed such difference in basis. If a gain is considered a long-term capital gain for federal income tax purposes, the modification shall be limited to one-half of such portion of the gain;

(3) The amount necessary to prevent the taxation pursuant to this chapter of any annuity or other amount of income or gain which was properly included in income or gain and was taxed pursuant to the laws of Missouri for a taxable year prior to January 1, 1973, to the taxpayer, or to a decedent by reason of whose death the taxpayer acquired the right to receive the income or gain, or to a trust or estate from which the taxpayer received the income or gain;

(4) Accumulation distributions received by a taxpayer as a beneficiary of a trust to the extent that the same are included in federal adjusted gross income;

(5) The amount of any state income tax refund for a prior year which was included in the federal adjusted gross income;

(6) The portion of capital gain specified in section 135.357 that would otherwise be included in federal adjusted gross income;

(7) The amount that would have been deducted in the computation of federal taxable income pursuant to 26 U.S.C. Section 168 of the Internal Revenue Code as in effect on January 1, 2002, to the extent that amount relates to property purchased on or after July 1, 2002, but before July 1, 2003, and to the extent that amount exceeds the amount actually deducted pursuant to 26 U.S.C. Section 168 of the Internal Revenue Code as amended by the Job Creation and Worker Assistance Act of 2002;

(8) For all tax years beginning on or after January 1, 2005, the amount of any income received for military service while the taxpayer serves in a combat zone which is included in federal adjusted gross income and not otherwise excluded therefrom. As used in this section, "combat zone" means any area which the President of the United States by Executive Order designates as an area in which Armed Forces of the United States are or have engaged in combat. Service is performed in a combat zone only if performed on or after the date designated by the President by Executive Order as the date of the commencing of combat activities in such zone, and on or before the date designated by the President by Executive Order as the date of the termination of combatant activities in such zone;

(9) For all tax years ending on or after July 1, 2002, with respect to qualified property that is sold or otherwise disposed of during a taxable year by a taxpayer and for which an additional modification was made under subdivision (3) of subsection 2 of this section, the amount by which additional modification made under subdivision (3) of subsection 2 of this section on qualified property has not been recovered through the additional subtractions provided in subdivision (7) of this subsection;

(10) For all tax years beginning on or after January 1, 2014, the amount of any income received as payment from any program which provides compensation to agricultural producers who have suffered a loss as the result of a disaster or emergency, including the:

- (a) Livestock Forage Disaster Program;

- (h) Livestock Risk Protection Insurance Plan;
- (i) Livestock Gross Margin Insurance Plan;

(11) For all tax years beginning on or after January 1, 2018, any interest expense paid or accrued in the current taxable year, but not deducted as a result of the limitation imposed under 26 U.S.C. Section 163(j), as amended. For the purposes of this subdivision, an interest expense is considered paid or accrued only in the first taxable year the deduction would have been allowable under 26 U.S.C. Section 163, as amended, if the limitation under 26 U.S.C. Section 163(j), as amended, did not exist; **[and]**

(12) One hundred percent of any retirement benefits received by any taxpayer as a result of the taxpayer's service in the Armed Forces of the United States, including reserve components and the National Guard of this state, as defined in 32 U.S.C. Sections 101(3) and 109, and any other military force organized under the laws of this state; and

(13) One hundred percent of any federal grant moneys received for the purpose of providing or expanding access to broadband internet to areas of the state deemed to be lacking such access.

4. There shall be added to or subtracted from the taxpayer's federal adjusted gross income the taxpayer's share of the Missouri fiduciary adjustment provided in section 143.351.

5. There shall be added to or subtracted from the taxpayer's federal adjusted gross income the modifications provided in section 143.411.

Section 1033 of the Internal Revenue Code of 1986, as amended, arising from compulsory or involuntary conversion of property as a result of condemnation or the imminence thereof.

7. (1) As used in this subsection, "qualified health insurance premium" means the amount paid during the tax year by such taxpayer for any insurance policy primarily providing health care coverage for the taxpayer, the taxpayer's spouse, or the taxpayer's dependents.

(2) In addition to the subtractions in subsection 3 of this section, one hundred percent of the amount of qualified health insurance premiums shall be subtracted from the taxpayer's federal adjusted gross income to the extent the amount paid for such premiums is included in federal taxable income. The taxpayer shall provide the department of revenue with proof of the amount of qualified health insurance premiums paid.

8. (1) Beginning January 1, 2014, in addition to the subtractions provided in this section, one hundred percent of the cost incurred by a taxpayer for a home energy audit conducted by an entity certified by the department of natural resources under section 640.153 or the implementation of any energy efficiency recommendations made in such an audit shall be subtracted from the taxpayer's federal adjusted gross income to the extent the amount paid for any such activity is included in federal taxable income. The taxpayer shall provide the department of revenue with a summary of any recommendations made in a qualified home energy audit, the name and certification number of the qualified home energy auditor who conducted the audit, and proof of the amount paid for any activities under this subsection for which a deduction is claimed. SS SB 35

Enacts provisions relating to judicial proceedings involving the parent-child relationship.

AN ACT to repeal sections 452.375 and 454.1005, RSMo, and to enact in lieu thereof two new sections relating to judicial proceedings involving the parent-child relationship.

SECTION

A Enacting clause.

452.375 Custody — definitions — factors determining custody — prohibited, when — public policy of state — custody options — findings required, when — parent plan required — access to records — joint custody not to preclude child support — support, how determined — domestic violence or abuse, specific findings.

454.1005 Hearing to show cause for suspension of a license, procedure.

Be it enacted by the General Assembly of the State of Missouri, as follows:

SECTION A. ENACTING CLAUSE. — Sections 452.375 and 454.1005, RSMo, are repealed and two new sections enacted in lieu thereof, to be known as sections 452.375 and 454.1005, to read as follows:

452.375. CUSTODY — DEFINITIONS — FACTORS DETERMINING CUSTODY — PROHIBITED, WHEN — PUBLIC POLICY OF STATE — CUSTODY OPTIONS — FINDINGS REQUIRED, WHEN — PARENT PLAN REQUIRED — ACCESS TO RECORDS — JOINT CUSTODY NOT TO PRECLUDE CHILD SUPPORT — SUPPORT, HOW DETERMINED — DOMESTIC VIOLENCE OR ABUSE, SPECIFIC FINDINGS. — 1. As used in this chapter, unless the context clearly indicates otherwise:

(1) "Custody" means joint legal custody, sole legal custody, joint physical custody or sole physical custody or any combination thereof;

(2) "Joint legal custody" means that the parents share the decision-making rights, responsibilities, and authority relating to the health, education and welfare of the child, and, unless allocated, apportioned, or decreed, the parents shall confer with one another in the exercise of decision-making rights, responsibilities, and authority;

(3) "Joint physical custody" means an order awarding each of the parents significant, but not necessarily equal, periods of time during which a child resides with or is under the care and supervision of each of the parents. Joint physical custody shall be shared by the parents in such a way as to assure the child of frequent, continuing and meaningful contact with both parents;

(4) "Third-party custody" means a third party designated as a legal and physical custodian pursuant to subdivision (5) of subsection 5 of this section.

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law.
Matter underscored is proposed language.

2. The court shall determine custody in accordance with the best interests of the child. There shall be a rebuttable presumption that an award of equal or approximately equal parenting time to each parent is in the best interests of the child. Such presumption is rebuttable only by a preponderance of the evidence in accordance with all relevant factors, including, but not limited to, the factors contained in subdivisions (1) to (8) of this subsection. The presumption may be rebutted if the court finds that the parents have reached an agreement on all issues related to custody, or if the court finds that a pattern of domestic violence has occurred as set out in subdivision (6) of this subsection. When the parties have not reached an agreement on all issues related to custody, the court shall consider all relevant factors and enter written findings of fact and conclusions of law, including, but not limited to, the following:

(1) The wishes of the child's parents as to custody and the proposed parenting plan submitted by both parties;

(2) The needs of the child for a frequent, continuing and meaningful relationship with both parents and the ability and willingness of parents to actively perform their functions as mother and father for the needs of the child;

(3) The interaction and interrelationship of the child with parents, siblings, and any other person who may significantly affect the child's best interests;

(4) Which parent is more likely to allow the child frequent, continuing and meaningful contact with the other parent;

(5) The child's adjustment to the child's home, school, and community. The fact that a parent sends his or her child or children to a home school, as defined in section 167.031, shall not be the sole factor that a court considers in determining custody of such child or children;

(6) The mental and physical health of all individuals involved, including any history of abuse of any individuals involved. If the court finds that a pattern of domestic violence as defined in section 455.010 has occurred, and, if the court also finds that awarding custody to the abusive parent is in the best interest of the child, then the court shall enter written findings of fact and conclusions of law. Custody and visitation rights shall be ordered in a manner that best protects the child and any other child or children for whom the parent has custodial or visitation rights, and the parent or other family or household member who is the victim of domestic violence from any further harm;

(7) The intention of either parent to relocate the principal residence of the child; and

(8) The [wishes] unobstructed input of a child, free of coercion and manipulation, as to the child's [custodian] custodial arrangement. [The fact that a parent sends his or her child or children to a home school, as defined in section 167.031, shall not be the sole factor that a court considers in determining custody of such child or children.]

3. (1) In any court proceedings relating to custody of a child, the court shall not award custody or unsupervised visitation of a child to a parent if such parent or any person residing with such parent has been found guilty of, or pled guilty to, any of the following offenses when a child was the victim:

(a) A felony violation of section 566.030, 566.031, 566.032, 566.060, 566.061, 566.062, 566.064, 566.067, 566.068, 566.083, 566.100, 566.101, 566.111, 566.151, 566.203, 566.206, 566.209, 566.211, or 566.215;

(b) A violation of section 568.020;

(c) A violation of subdivision (2) of subsection 1 of section 568.060;

(d) A violation of section 568.065;

(e) A violation of section 573.200;

(f) A violation of section 573.205; or

(g) A violation of section 568.175.

(2) For all other violations of offenses in chapters 566 and 568 not specifically listed in subdivision (1) of this subsection or for a violation of an offense committed in another state when a child is the victim that would be a violation of chapter 566 or 568 if committed in Missouri, the court may exercise

its discretion in awarding custody or visitation of a child to a parent if such parent or any person residing with such parent has been found guilty of, or pled guilty to, any such offense.

4. The general assembly finds and declares that it is the public policy of this state that frequent, continuing and meaningful contact with both parents after the parents have separated or dissolved their marriage is in the best interest of the child, except for cases where the court specifically finds that such contact is not in the best interest of the child, and that it is the public policy of this state to encourage parents to participate in decisions affecting the health, education and welfare of their children, and to resolve disputes involving their children amicably through alternative dispute resolution. In order to effectuate these policies, the general assembly encourages the court to enter a temporary parenting plan as early as practicable in a proceeding under this chapter, consistent with the provisions of subsection 2 of this section, and, in so doing, the court shall determine the custody arrangement which will best assure both parents participate in such decisions and have frequent, continuing and meaningful contact with their children so long as it is in the best interests of the child.

5. Prior to awarding the appropriate custody arrangement in the best interest of the child, the court shall consider each of the following as follows:

(1) Joint physical and joint legal custody to both parents, which shall not be denied solely for the reason that one parent opposes a joint physical and joint legal custody award. The residence of one of the parents shall be designated as the address of the child for mailing and educational purposes;

(2) Joint physical custody with one party granted sole legal custody. The residence of one of the parents shall be designated as the address of the child for mailing and educational purposes;

(3) Joint legal custody with one party granted sole physical custody;

(4) Sole custody to either parent; or

(5) Third-party custody or visitation:

(a) When the court finds that each parent is unfit, unsuitable, or unable to be a custodian, or the welfare of the child requires, and it is in the best interests of the child, then custody, temporary custody or visitation may be awarded to a person related by consanguinity or affinity to the child. If no person related to the child by consanguinity or affinity is willing to accept custody, then the court may award custody to any other person or persons deemed by the court to be suitable and able to provide an adequate and stable environment for the child. Before the court awards custody, temporary custody or visitation to a third person under this subdivision, the court shall make that person a party to the action;

(b) Under the provisions of this subsection, any person may petition the court to intervene as a party in interest at any time as provided by supreme court rule.

6. If the parties have not agreed to a custodial arrangement, or the court determines such arrangement is not in the best interest of the child, the court shall include a written finding in the judgment or order based on the public policy in subsection 4 of this section and each of the factors listed in subdivisions (1) to (8) of subsection 2 of this section detailing the specific relevant factors that made a particular arrangement in the best interest of the child. If a proposed custodial arrangement is rejected by the court, the court shall include a written finding in the judgment or order detailing the specific relevant factors resulting in the rejection of such arrangement.

7. Upon a finding by the court that either parent has refused to exchange information with the other parent, which shall include but not be limited to information concerning the health, education and welfare of the child, the court shall order the parent to comply immediately and to pay the prevailing party a sum equal to the prevailing party's cost associated with obtaining the requested information, which shall include but not be limited to reasonable attorney's fees and court costs.

8. As between the parents of a child, no preference may be given to either parent in the awarding of custody because of that parent's age, sex, or financial status, nor because of the age or sex of the child. The court shall not presume that a parent, solely because of his or her sex, is more qualified than the other parent to act as a joint or sole legal or physical custodian for the child.

9. Any judgment providing for custody shall include a specific written parenting plan setting forth the terms of such parenting plan arrangements specified in subsection 8 of section 452.310. Such plan may be a parenting plan submitted by the parties pursuant to section 452.310 or, in the absence thereof, a plan determined by the court, but in all cases, the custody plan approved and ordered by the court shall be in the court's discretion and shall be in the best interest of the child.

10. After August 28, 2016, every court order establishing or modifying custody or visitation shall include the following language: "In the event of noncompliance with this order, the aggrieved party may file a verified motion for contempt. If custody, visitation, or third-party custody is denied or interfered with by a parent or third party without good cause, the aggrieved person may file a family access motion with the court stating the specific facts that constitute a violation of the custody provisions of the judgment of dissolution, legal separation, or judgment of paternity. The circuit clerk will provide the aggrieved party with an explanation of the procedures for filing a family access motion and a simple form for use in filing the family access motion. A family access motion does not require the assistance of legal counsel to prepare and file."

11. No court shall adopt any local rule, form, or practice requiring a standardized or default parenting plan for interim, temporary, or permanent orders or judgments. Notwithstanding any other provision of law to the contrary, a court may enter an interim order in a proceeding under this chapter, provided that the interim order shall not contain any provisions about child custody or a parenting schedule or plan without first providing the parties with notice and a hearing, unless the parties otherwise agree.

12. Unless a parent has been denied custody rights pursuant to this section or visitation rights under section 452.400, both parents shall have access to records and information pertaining to a minor child including, but not limited to, medical, dental, and school records. If the parent without custody has been granted restricted or supervised visitation because the court has found that the parent with custody or any child has been the victim of domestic violence, as defined in section 455.010, by the parent without custody, the court may order that the reports and records made available pursuant to this subsection not include the address of the parent with custody or the child. A court shall order that the reports and records made available under this subsection not include the address of the parent with custody if the parent with custody is a participant in the address confidentiality program under section 589.663. Unless a parent has been denied custody rights pursuant to this section or visitation rights under section 452.400, any judgment of dissolution or other applicable court order shall specifically allow both parents access to such records and reports.

13. Except as otherwise precluded by state or federal law, if any individual, professional, public or private institution or organization denies access or fails to provide or disclose any and all records and information, including, but not limited to, past and present dental, medical and school records pertaining to a minor child, to either parent upon the written request of such parent, the court shall, upon its finding that the individual, professional, public or private institution or organization denied such request without good cause, order that party to comply immediately with such request and to pay to the prevailing party all costs incurred, including, but not limited to, attorney's fees and court costs associated with obtaining the requested information.

14. An award of joint custody does not preclude an award of child support pursuant to section 452.340 and applicable supreme court rules. The court shall consider the factors contained in section 452.340 and applicable supreme court rules in determining an amount reasonable or necessary for the support of the child.

15. If the court finds that domestic violence or abuse as defined in section 455.010 has occurred, the court shall make specific findings of fact to show that the custody or visitation arrangement ordered by the court best protects the child and the parent or other family or household member who is the victim of domestic violence, as defined in section 455.010, and any other children for whom such parent has custodial or visitation rights from any further harm.

454.1005. HEARING TO SHOW CAUSE FOR SUSPENSION OF A LICENSE, PROCEDURE. — 1.

To show cause why suspension of a license may not be appropriate, the obligor shall request a hearing from the court or division that issued the notice of intent to suspend the license. The request shall be made within sixty days of the date of service of notice.

2. If an obligor fails to respond, without good cause, to a notice of intent to suspend a license~~[,] or to timely request a hearing or comply with a payment plan, [the obligor's defenses and objections shall be considered to be without merit and]~~ the court or director may enter an order suspending the obligor's license and ordering the obligor to refrain from engaging in the licensed activity.

3. Upon timely receipt of a request for hearing from an obligor, the court or director shall schedule a hearing that complies with due process to determine if suspension of the obligor's license is appropriate considering all relevant factors, including those factors listed in subsection 4 of this section. The court or director shall stay suspension of the license pending the outcome of the hearing.

4. ~~[If the action involves an arrearage, the only issues that may be determined in a hearing pursuant to this section are] In determining whether the license suspension is appropriate under the circumstances, the court or director shall consider and issue written findings of fact and conclusions of law within thirty days following the hearing regarding the following:~~

- (1) The identity of the obligor;
- (2) Whether the arrearage is in an amount greater than or equal to three months of support payments or two thousand five hundred dollars, whichever is less, by the date of service of a notice of intent to suspend; ~~[and]~~
- (3) Whether the obligor has entered a payment plan. If the action involves a failure to comply with a subpoena or order, the only issues that may be determined are the identity of the obligor and whether the obligor has complied with the subpoena or order;
- (4) Whether the obligor had the ability to make the payments that are in arrearage;
- (5) Whether the obligor has the current ability to make the payments;

5. If the court or director, after the hearing, determines that the obligor has failed to comply with the child support payment obligation and an arrearage exists in excess of two thousand five hundred dollars for good cause, then the court or director shall not issue an order suspending the obligor's license and ordering the obligor to refrain from engaging in the licensed activity or, if an order is in place, shall stay such order. Good cause may include loss of employment, excluding voluntarily quitting or a dismissal due to poor job performance or failure to meet a condition of employment; catastrophic illness or accident of the obligor or a family member; severe inclement weather, including a natural disaster; or the obligor experiences a family emergency or other life-changing event, including divorce or domestic violence. A decision by the court or director under this section not to issue an order suspending the obligor's license and ordering the obligor to refrain from engaging in the licensed activity shall not prevent a court or the director from issuing a new order suspending the license of the same obligor in the event of another arrearage if the obligor fails, without good cause, to comply with the support order or payment plan.

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law.
Matter underscored is proposed language.

6. If the court or director, after hearing, determines that the obligor has failed, without good cause, to comply with any of the requirements in subsection 4 of this section, the court or director shall issue an order suspending the obligor's license and ordering the obligor to refrain from engaging in the licensed activity.

[6.] 7. The court or division shall send a copy of the order suspending a license to the licensing authority and the obligor by certified mail.

Section 601, et seq., as amended, in at least three of the last six months immediately preceding the month in which such family became ineligible for such assistance because of increased income from employment shall, while a member of such family is employed, remain eligible for MO HealthNet benefits for four calendar months following the month in which such family would otherwise be determined to be ineligible for such assistance because of income and resource limitation. After April 1, 1990, any family receiving aid pursuant to 42 U.S.C. Section 601, et seq., as amended, in at least three of the six months immediately preceding the month in which such family becomes ineligible for such aid, because of hours of employment or income from employment of the caretaker relative, shall remain eligible for MO HealthNet benefits for six calendar months following the month of such ineligibility as long as such family includes a child as provided in 42 U.S.C. Section 1396r-6. Each family which has received such medical assistance during the entire six-month period described in this section and which meets reporting requirements and income tests established by the division and continues to include a child as provided in 42 U.S.C. Section 1396r-6 shall receive MO HealthNet benefits without fee for an additional six months. The MO HealthNet division may provide by rule and as authorized by annual appropriation the scope of MO HealthNet coverage to be granted to such families.

4. When any individual has been determined to be eligible for MO HealthNet benefits, such medical assistance will be made available to him or her for care and services furnished in or after the third month before the month in which he made application for such assistance if such individual was, or upon application would have been, eligible for such assistance at the time such care and services were furnished; provided, further, that such medical expenses remain unpaid.

5. The department of social services may apply to the federal Department of Health and Human Services for a MO HealthNet waiver amendment to the Section 1115 demonstration waiver or for any additional MO HealthNet waivers necessary not to exceed one million dollars in additional costs to the state, unless subject to appropriation or directed by statute, but in no event shall such waiver applications or amendments seek to waive the services of a rural health clinic or a federally qualified health center

as defined in 42 U.S.C. Section 1396d(l)(1) and (2) or the payment requirements for such clinics and centers as provided in 42 U.S.C. Section 1396a(a)(15) and 1396a(bb) unless such waiver application is approved by the oversight committee created in section 208.955. A request for such a waiver so submitted shall only become effective by executive order not sooner than ninety days after the final adjournment of the session of the general assembly to which it is submitted, unless it is disapproved within sixty days of its submission to a regular session by a senate or house resolution adopted by a majority vote of the respective elected members thereof, unless the request for such a waiver is made subject to appropriation or directed by statute.

6. Notwithstanding any other provision of law to the contrary, in any given fiscal year, any persons made eligible for MO HealthNet benefits under subdivisions (1) to (22) of subsection 1 of this section shall only be eligible if annual appropriations are made for such eligibility. This subsection shall not apply to classes of individuals listed in 42 U.S.C. Section 1396a(a)(10)(A)(i).

7. (1) Notwithstanding any provision of law to the contrary, a military service member, or an immediate family member residing with such military service member, who is a legal resident of this state and is eligible for MO HealthNet developmental disability services, shall have his or her eligibility for MO HealthNet developmental disability services temporarily suspended for any period of time during which such person temporarily resides outside of this state for reasons relating to military service, but shall have his or her eligibility immediately restored upon returning to this state to reside.

(2) Notwithstanding any provision of law to the contrary, if a military service member, or an immediate family member residing with such military service member, is not a legal resident of this state, but would otherwise be eligible for MO HealthNet developmental disability services, such individual shall be deemed eligible for MO HealthNet developmental disability services for the duration of any time in which such individual is temporarily present in this state for reasons relating to military service.

208.186. NONRESIDENTS, NO PAYMENTS, ADD-ONS, OR REIMBURSEMENTS TO HEALTH CARE PROVIDERS, WHEN. — The state shall not provide payments, add-ons, or reimbursements to health care providers through MO HealthNet for medical assistance services provided to persons who do not reside in this state, as determined under 42 CFR 435.403, or any amendments or successor regulations thereto.

208.239. ELIGIBILITY REDETERMINATIONS, RENEWALS, AND POSTENROLLMENT VERIFICATIONS, RESUMED, WHEN. — The department of social services shall resume annual MO HealthNet eligibility redeterminations, renewals, and postenrollment verifications no later than thirty days after the effective date of this act.

208.662. PROGRAM ESTABLISHED AS CHIPS PROGRAM — ELIGIBILITY — COVERAGE — REPORT, CONTENT — PROGRAM NOT ENTITLEMENT. — 1. There is hereby established within the department of social services the "Show-Me Healthy Babies Program" as a separate children's health insurance program (CHIP) for any low-income unborn child. The program shall be established under the authority of Title XXI of the federal Social Security Act, the State Children's Health Insurance Program, as amended, and 42 CFR 457.1.

2. For an unborn child to be enrolled in the show-me healthy babies program, his or her mother shall not be eligible for coverage under Title XIX of the federal Social Security Act, the Medicaid program, as it is administered by the state, and shall not have access to affordable employer-subsidized health care insurance or other affordable health care coverage that includes coverage for the unborn child. In addition, the unborn child shall be in a family with income eligibility of no more than three hundred percent of the federal poverty level, or the equivalent modified adjusted gross income, unless the income eligibility is set lower by the general assembly through appropriations. In calculating family

size as it relates to income eligibility, the family shall include, in addition to other family members, the unborn child, or in the case of a mother with a multiple pregnancy, all unborn children.

3. Coverage for an unborn child enrolled in the show-me healthy babies program shall include all prenatal care and pregnancy-related services that benefit the health of the unborn child and that promote healthy labor, delivery, and birth. Coverage need not include services that are solely for the benefit of the pregnant mother, that are unrelated to maintaining or promoting a healthy pregnancy, and that provide no benefit to the unborn child. However, the department may include pregnancy-related assistance as defined in 42 U.S.C. Section 1397ll.

4. There shall be no waiting period before an unborn child may be enrolled in the show-me healthy babies program. In accordance with the definition of child in 42 CFR 457.10, coverage shall include the period from conception to birth. The department shall develop a presumptive eligibility procedure for enrolling an unborn child. There shall be verification of the pregnancy.

5. Coverage for the child shall continue for up to one year after birth, unless otherwise prohibited by law or unless otherwise limited by the general assembly through appropriations.

6. (1) Pregnancy-related and postpartum coverage for the mother shall begin on the day the pregnancy ends and extend through the last day of the month that includes the sixtieth day after the pregnancy ends, unless otherwise prohibited by law or unless otherwise limited by the general assembly through appropriations. The department may include pregnancy-related assistance as defined in 42 U.S.C. Section 1397ll.

(2) (a) Subject to approval of any necessary state plan amendments or waivers, beginning on the effective date of this act, mothers eligible to receive coverage under this section shall receive medical assistance benefits during the pregnancy and during the twelve-month period that begins on the last day of the woman's pregnancy and ends on the last day of the month in which such twelve-month period ends, consistent with the provisions of 42 U.S.C. Section 1397gg(e)(1)(J). The department shall seek any necessary state plan amendments or waivers to implement the provisions of this subdivision when the number of ineligible MO HealthNet participants removed from the program in 2023 pursuant to section 208.239 exceeds the projected number of beneficiaries likely to enroll in benefits in 2023 under this subdivision and subdivision (28) of subsection 1 of section 208.151, as determined by the department, by at least one hundred individuals.

(b) The provisions of this subdivision shall remain in effect for any period of time during which the federal authority under 42 U.S.C. Section 1397gg(e)(1)(J), as amended, or any successor statutes or implementing regulations, is in effect.

7. The department shall provide coverage for an unborn child enrolled in the show-me healthy babies program in the same manner in which the department provides coverage for the children's health insurance program (CHIP) in the county of the primary residence of the mother.

8. The department shall provide information about the show-me healthy babies program to maternity homes as defined in section 135.600, pregnancy resource centers as defined in section 135.630, and other similar agencies and programs in the state that assist unborn children and their mothers. The department shall consider allowing such agencies and programs to assist in the enrollment of unborn children in the program, and in making determinations about presumptive eligibility and verification of the pregnancy.

9. Within sixty days after August 28, 2014, the department shall submit a state plan amendment or seek any necessary waivers from the federal Department of Health and Human Services requesting approval for the show-me healthy babies program.

10. At least annually, the department shall prepare and submit a report to the governor, the speaker of the house of representatives, and the president pro tempore of the senate analyzing and projecting the cost savings and benefits, if any, to the state, counties, local communities, school districts, law enforcement agencies, correctional centers, health care providers, employers, other public and private

entities, and persons by enrolling unborn children in the show-me healthy babies program. The analysis and projection of cost savings and benefits, if any, may include but need not be limited to:

(1) The higher federal matching rate for having an unborn child enrolled in the show-me healthy babies program versus the lower federal matching rate for a pregnant woman being enrolled in MO HealthNet or other federal programs;

(2) The efficacy in providing services to unborn children through managed care organizations, group or individual health insurance providers or premium assistance, or through other nontraditional arrangements of providing health care;

(3) The change in the proportion of unborn children who receive care in the first trimester of pregnancy due to a lack of waiting periods, by allowing presumptive eligibility, or by removal of other barriers, and any resulting or projected decrease in health problems and other problems for unborn children and women throughout pregnancy; at labor, delivery, and birth; and during infancy and childhood;

(4) The change in healthy behaviors by pregnant women, such as the cessation of the use of tobacco, alcohol, illicit drugs, or other harmful practices, and any resulting or projected short-term and long-term decrease in birth defects; poor motor skills; vision, speech, and hearing problems; breathing and respiratory problems; feeding and digestive problems; and other physical, mental, educational, and behavioral problems; and

(5) The change in infant and maternal mortality, preterm births and low birth weight babies and any resulting or projected decrease in short-term and long-term medical and other interventions.

11. The show-me healthy babies program shall not be deemed an entitlement program, but instead shall be subject to a federal allotment or other federal appropriations and matching state appropriations.

12. Nothing in this section shall be construed as obligating the state to continue the show-me healthy babies program if the allotment or payments from the federal government end or are not sufficient for the program to operate, or if the general assembly does not appropriate funds for the program.

13. Nothing in this section shall be construed as expanding MO HealthNet or fulfilling a mandate imposed by the federal government on the state.

— 1. A physician may enter into collaborative practice arrangements with registered professional nurses. Collaborative practice arrangements shall be in the form of written agreements, jointly agreed-upon protocols, or standing orders for the delivery of health care services. Collaborative practice arrangements, which shall be in writing, may delegate to a registered professional nurse the authority to administer or dispense drugs and provide treatment as long as the delivery of such health care services is within the scope of practice of the registered professional nurse and is consistent with that nurse's skill, training and competence.

2. Collaborative practice arrangements, which shall be in writing, may delegate to a registered professional nurse the authority to administer, dispense or prescribe drugs and provide treatment if the registered professional nurse is an advanced practice registered nurse as defined in subdivision (2) of section 335.016. Collaborative practice arrangements may delegate to an advanced practice registered nurse, as defined in section 335.016, the authority to administer, dispense, or prescribe controlled substances listed in Schedules III, IV, and V of section 195.017, and Schedule II - hydrocodone; except that, the collaborative practice arrangement shall not delegate the authority to administer any controlled substances listed in Schedules III, IV, and V of section 195.017, or Schedule II - hydrocodone for the purpose of inducing sedation or general anesthesia for therapeutic, diagnostic, or surgical procedures. Schedule III narcotic controlled substance and Schedule II - hydrocodone prescriptions shall be limited to a one hundred twenty-hour supply without refill. Such collaborative practice arrangements shall be in the form of written agreements, jointly agreed-upon protocols or standing orders for the delivery of health care services. An advanced practice registered nurse may prescribe buprenorphine for up to a thirty-day supply without refill for patients receiving medication-assisted treatment for substance use disorders under the direction of the collaborating physician.

3. The written collaborative practice arrangement shall contain at least the following provisions:

(1) Complete names, home and business addresses, zip codes, and telephone numbers of the collaborating physician and the advanced practice registered nurse;

(2) A list of all other offices or locations besides those listed in subdivision (1) of this subsection where the collaborating physician authorized the advanced practice registered nurse to prescribe;

(3) A requirement that there shall be posted at every office where the advanced practice registered nurse is authorized to prescribe, in collaboration with a physician, a prominently displayed disclosure statement informing patients that they may be seen by an advanced practice registered nurse and have the right to see the collaborating physician;

(4) All specialty or board certifications of the collaborating physician and all certifications of the advanced practice registered nurse;

(5) The manner of collaboration between the collaborating physician and the advanced practice registered nurse, including how the collaborating physician and the advanced practice registered nurse will:

(a) Engage in collaborative practice consistent with each professional's skill, training, education, and competence;

(b) Maintain geographic proximity, except as specified in this paragraph. The following provisions shall apply with respect to this requirement:

a. Until August 28, 2025, an advanced practice registered nurse providing services in a correctional center, as defined in section 217.010, and his or her collaborating physician shall satisfy the geographic proximity requirement if they practice within two hundred miles by road of one another;

b. The collaborative practice arrangement may allow for geographic proximity to be waived for a maximum of twenty-eight days per calendar year for rural health clinics as defined by [P.L.] Pub. L. 95-210 (42 U.S.C. Section 1395x, as amended), as long as the collaborative practice arrangement includes alternative plans as required in paragraph (c) of this subdivision. This exception to geographic proximity shall apply only to independent rural health clinics, provider-based rural health clinics where the provider is a critical access hospital as provided in 42 U.S.C. Section 1395i-4, and provider-based rural

health clinics where the main location of the hospital sponsor is greater than fifty miles from the clinic[.];
and

c. The collaborating physician is required to maintain documentation related to this requirement and to present it to the state board of registration for the healing arts when requested; and

(c) Provide coverage during absence, incapacity, infirmity, or emergency by the collaborating physician;

(6) A description of the advanced practice registered nurse's controlled substance prescriptive authority in collaboration with the physician, including a list of the controlled substances the physician authorizes the nurse to prescribe and documentation that it is consistent with each professional's education, knowledge, skill, and competence;

(7) A list of all other written practice agreements of the collaborating physician and the advanced practice registered nurse;

(8) The duration of the written practice agreement between the collaborating physician and the advanced practice registered nurse;

(9) A description of the time and manner of the collaborating physician's review of the advanced practice registered nurse's delivery of health care services. The description shall include provisions that the advanced practice registered nurse shall submit a minimum of ten percent of the charts documenting the advanced practice registered nurse's delivery of health care services to the collaborating physician for review by the collaborating physician, or any other physician designated in the collaborative practice arrangement, every fourteen days; and

(10) The collaborating physician, or any other physician designated in the collaborative practice arrangement, shall review every fourteen days a minimum of twenty percent of the charts in which the advanced practice registered nurse prescribes controlled substances. The charts reviewed under this subdivision may be counted in the number of charts required to be reviewed under subdivision (9) of this subsection.

4. The state board of registration for the healing arts pursuant to section 334.125 and the board of nursing pursuant to section 335.036 may jointly promulgate rules regulating the use of collaborative practice arrangements. Such rules shall be limited to specifying geographic areas to be covered, the methods of treatment that may be covered by collaborative practice arrangements and the requirements for review of services provided pursuant to collaborative practice arrangements including delegating authority to prescribe controlled substances. Any rules relating to geographic proximity shall allow a collaborating physician and a collaborating advanced practice registered nurse to practice within two hundred miles by road of one another until August 28, 2025, if the nurse is providing services in a correctional center, as defined in section 217.010. Any rules relating to dispensing or distribution of medications or devices by prescription or prescription drug orders under this section shall be subject to the approval of the state board of pharmacy. Any rules relating to dispensing or distribution of controlled substances by prescription or prescription drug orders under this section shall be subject to the approval of the department of health and senior services and the state board of pharmacy. In order to take effect, such rules shall be approved by a majority vote of a quorum of each board. Neither the state board of registration for the healing arts nor the board of nursing may separately promulgate rules relating to collaborative practice arrangements. Such jointly promulgated rules shall be consistent with guidelines for federally funded clinics. The rulemaking authority granted in this subsection shall not extend to collaborative practice arrangements of hospital employees providing inpatient care within hospitals as defined pursuant to chapter 197 or population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008.

5. The state board of registration for the healing arts shall not deny, revoke, suspend or otherwise take disciplinary action against a physician for health care services delegated to a registered professional nurse provided the provisions of this section and the rules promulgated thereunder are satisfied. Upon the written request of a physician subject to a disciplinary action imposed as a result of an agreement

between a physician and a registered professional nurse or registered physician assistant, whether written or not, prior to August 28, 1993, all records of such disciplinary licensure action and all records pertaining to the filing, investigation or review of an alleged violation of this chapter incurred as a result of such an agreement shall be removed from the records of the state board of registration for the healing arts and the division of professional registration and shall not be disclosed to any public or private entity seeking such information from the board or the division. The state board of registration for the healing arts shall take action to correct reports of alleged violations and disciplinary actions as described in this section which have been submitted to the National Practitioner Data Bank. In subsequent applications or representations relating to his or her medical practice, a physician completing forms or documents shall not be required to report any actions of the state board of registration for the healing arts for which the records are subject to removal under this section.

6. Within thirty days of any change and on each renewal, the state board of registration for the healing arts shall require every physician to identify whether the physician is engaged in any collaborative practice agreement, including collaborative practice agreements delegating the authority to prescribe controlled substances, or physician assistant agreement and also report to the board the name of each licensed professional with whom the physician has entered into such agreement. The board may make this information available to the public. The board shall track the reported information and may routinely conduct random reviews of such agreements to ensure that agreements are carried out for compliance under this chapter.

7. Notwithstanding any law to the contrary, a certified registered nurse anesthetist as defined in subdivision (8) of section 335.016 shall be permitted to provide anesthesia services without a collaborative practice arrangement provided that he or she is under the supervision of an anesthesiologist or other physician, dentist, or podiatrist who is immediately available if needed. Nothing in this subsection shall be construed to prohibit or prevent a certified registered nurse anesthetist as defined in subdivision (8) of section 335.016 from entering into a collaborative practice arrangement under this section, except that the collaborative practice arrangement may not delegate the authority to prescribe any controlled substances listed in Schedules III, IV, and V of section 195.017, or Schedule II - hydrocodone.

8. A collaborating physician shall not enter into a collaborative practice arrangement with more than six full-time equivalent advanced practice registered nurses, full-time equivalent licensed physician assistants, or full-time equivalent assistant physicians, or any combination thereof. This limitation shall not apply to collaborative arrangements of hospital employees providing inpatient care service in hospitals as defined in chapter 197 or population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008, or to a certified registered nurse anesthetist providing anesthesia services under the supervision of an anesthesiologist or other physician, dentist, or podiatrist who is immediately available if needed as set out in subsection 7 of this section.

9. It is the responsibility of the collaborating physician to determine and document the completion of at least a one-month period of time during which the advanced practice registered nurse shall practice with the collaborating physician continuously present before practicing in a setting where the collaborating physician is not continuously present. This limitation shall not apply to collaborative arrangements of providers of population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008.

10. The MO HealthNet division shall, by July 1, 2008, provide to the general assembly a four-year plan to achieve parity with Medicare reimbursement rates and for third-party payor average dental reimbursement rates. Such plan shall be subject to appropriation and the division shall include in its annual budget request to the governor the necessary funding needed to complete the four-year plan developed under this subdivision.

2. Additional benefit payments for medical assistance shall be made on behalf of those eligible needy children, pregnant women and blind persons with any payments to be made on the basis of the reasonable cost of the care or reasonable charge for the services as defined and determined by the MO HealthNet division, unless otherwise hereinafter provided, for the following:

(5) Hospice care. The program provides relief of severe pain or other physical symptoms and supportive care to meet the special needs arising out of physical, psychological, spiritual, social, and economic stresses which are

experienced during the final stages of illness, and during dying and bereavement and meets the Medicare requirements for participation as a hospice as are provided in 42 CFR Part 418. The rate of reimbursement paid by the MO HealthNet division to the hospice provider for room and board furnished by a nursing home to an eligible hospice patient shall not be less than ninety-five percent of the rate of reimbursement which would have been paid for facility services in that nursing home facility for that patient, in accordance with subsection (c) of Section 6408 of P.L. 101-239 (Omnibus Budget Reconciliation Act of 1989);

(6) Comprehensive day rehabilitation services beginning early posttrauma as part of a coordinated system of care for individuals with disabling impairments. Rehabilitation services must be based on an individualized, goal-oriented, comprehensive and coordinated treatment plan developed, implemented, and monitored through an interdisciplinary assessment designed to restore an individual to optimal level of physical, cognitive, and behavioral function. The MO HealthNet division shall establish by administrative rule the definition and criteria for designation of a comprehensive day rehabilitation service facility, benefit limitations and payment mechanism. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this subdivision shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2005, shall be invalid and void.

3. The MO HealthNet division may require any participant receiving MO HealthNet benefits to pay part of the charge or cost until July 1, 2008, and an additional payment after July 1, 2008, as defined by rule duly promulgated by the MO HealthNet division, for all covered services except for those services covered under subdivisions (15) and (16) of subsection 1 of this section and sections 208.631 to 208.657 to the extent and in the manner authorized by Title XIX of the federal Social Security Act (42 U.S.C. Section 1396, et seq.) and regulations thereunder. When substitution of a generic drug is permitted by the prescriber according to section 338.056, and a generic drug is substituted for a name-brand drug, the MO HealthNet division may not lower or delete the requirement to make a co-payment pursuant to regulations of Title XIX of the federal Social Security Act. A provider of goods or services described under this section must collect from all participants the additional payment that may be required by the MO HealthNet division under authority granted herein, if the division exercises that authority, to remain eligible as a provider. Any payments made by participants under this section shall be in addition to and not in lieu of payments made by the state for goods or services described herein except the participant portion of the pharmacy professional dispensing fee shall be in addition to and not in lieu of payments to pharmacists. A provider may collect the co-payment at the time a service is provided or at a later date. A provider shall not refuse to provide a service if a participant is unable to pay a required payment. If it is the routine business practice of a provider to terminate future services to an individual with an unclaimed debt, the provider may include uncollected co-payments under this practice. Providers who elect not to undertake the provision of services based on a history of bad debt shall give participants advance notice and a reasonable opportunity for payment. A provider, representative, employee, independent contractor, or agent of a pharmaceutical manufacturer shall not make co-payment for a participant. This subsection shall not apply to other qualified children, pregnant women, or blind persons. If the Centers for Medicare and Medicaid Services does not approve the MO HealthNet state plan amendment submitted by the department of social services that would allow a provider to deny future services to an individual with uncollected co-payments, the denial of services shall not be allowed. The department of social services shall inform providers regarding the acceptability of denying services as the result of unpaid co-payments.

4. The MO HealthNet division shall have the right to collect medication samples from participants in order to maintain program integrity.

5. Reimbursement for obstetrical and pediatric services under subdivision (6) of subsection 1 of this section shall be timely and sufficient to enlist enough health care providers so that care and services are available under the state plan for MO HealthNet benefits at least to the extent that such care and services are available to the general population in the geographic area, as required under subparagraph (a)(30)(A) of 42 U.S.C. Section 1396a and federal regulations promulgated thereunder.

6. Beginning July 1, 1990, reimbursement for services rendered in federally funded health centers shall be in accordance with the provisions of subsection 6402(c) and Section 6404 of P.L. 101-239 (Omnibus Budget Reconciliation Act of 1989) and federal regulations promulgated thereunder.

7. Beginning July 1, 1990, the department of social services shall provide notification and referral of children below age five, and pregnant, breast-feeding, or postpartum women who are determined to be eligible for MO HealthNet benefits under section 208.151 to the special supplemental food programs for women, infants and children administered by the department of health and senior services. Such notification and referral shall conform to the requirements of Section 6406 of P.L. 101-239 and regulations promulgated thereunder.

8. Providers of long-term care services shall be reimbursed for their costs in accordance with the provisions of Section 1902 (a)(13)(A) of the Social Security Act, 42 U.S.C. Section 1396a, as amended, and regulations promulgated thereunder.

9. Reimbursement rates to long-term care providers with respect to a total change in ownership, at arm's length, for any facility previously licensed and certified for participation in the MO HealthNet program shall not increase payments in excess of the increase that would result from the application of Section 1902 (a)(13)(C) of the Social Security Act, 42 U.S.C. Section 1396a (a)(13)(C).

10. The MO HealthNet division may enroll qualified residential care facilities and assisted living facilities, as defined in chapter 198, as MO HealthNet personal care providers.

11. Any income earned by individuals eligible for certified extended employment at a sheltered workshop under chapter 178 shall not be considered as income for purposes of determining eligibility under this section.

12. If the Missouri Medicaid audit and compliance unit changes any interpretation or application of the requirements for reimbursement for MO HealthNet services from the interpretation or application that has been applied previously by the state in any audit of a MO HealthNet provider, the Missouri Medicaid audit and compliance unit shall notify all affected MO HealthNet providers five business days before such change shall take effect. Failure of the Missouri Medicaid audit and compliance unit to notify a provider of such change shall entitle the provider to continue to receive and retain reimbursement until such notification is provided and shall waive any liability of such provider for recoupment or other loss of any payments previously made prior to the five business days after such notice has been sent. Each provider shall provide the Missouri Medicaid audit and compliance unit a valid email address and shall agree to receive communications electronically. The notification required under this section shall be delivered in writing by the United States Postal Service or electronic mail to each provider.

13. Nothing in this section shall be construed to abrogate or limit the department's statutory requirement to promulgate rules under chapter 536.

14. Beginning July 1, 2016, and subject to appropriations, providers of behavioral, social, and psychophysiological services for the prevention, treatment, or management of physical health problems shall be reimbursed utilizing the behavior assessment and intervention reimbursement codes 96150 to 96154 or their successor codes under the Current Procedural Terminology (CPT) coding system. If any prisoner confined in the county jail is sick and in the judgment of the jailer, requires the attention of a physician, dental care, or medicine, the jailer shall procure the necessary medicine, dental care or medical attention necessary or proper to maintain the health of the prisoner; provided, that this shall not include any gender transition surgery, as defined in section 191.1720. The costs of such medicine, dental care, or medical attention shall be paid by the prisoner through any health insurance policy as defined in subsection 3 of this section, from which the prisoner is eligible to receive benefits. If the prisoner is not eligible for such health insurance benefits then the prisoner shall be liable for the payment of such medical attention, dental care, or medicine, and the assets of such prisoner may be subject to levy and execution under court order to satisfy such expenses in accordance with the provisions of section 221.070, and any other applicable law. The county commission of the county may at times authorize payment of certain medical costs that the county commission determines to be necessary and reasonable. As used in this section, the term "medical costs" includes the actual costs of medicine, dental care or other medical attention and necessary costs associated with such medical care such as transportation, guards and inpatient care.

2. The county commission may, in their discretion, employ a physician by the year, to attend such prisoners, and make such reasonable charge for his service and medicine, when required, to be taxed and collected as provided by law.

Nothing in this subsection shall be construed to prohibit or prevent a certified registered nurse anesthetist as defined in subdivision (8) of section 335.016 from entering into a collaborative practice arrangement under this section, except that the collaborative practice arrangement may not delegate the authority to prescribe any controlled substances listed in Schedules III, IV, and V of section 195.017, or Schedule II - hydrocodone.

The Compact creates another pathway for licensure and does not otherwise change a state's existing Medical Practice Act. In the absence of its Commissioner, a member state may delegate voting authority for a specified meeting to another person from that state who shall meet the requirements of subsection 4 of this section.

334.1665. FINANCE POWERS. — 1. The Interstate Commission may levy on and collect an annual assessment from each member state to cover the cost of the operations and activities of the Interstate Commission and its staff. The total assessment must be sufficient to cover the annual budget approved each year for which revenue is not provided by other sources. The aggregate annual assessment amount shall be allocated upon a formula to be determined by the Interstate Commission, which shall promulgate a rule binding upon all member states.

2. The Interstate Commission shall not incur obligations of any kind prior to securing the funds adequate to meet the same.

3. The Interstate Commission shall not pledge the credit of any of the member states, except by, and with the authority of, the member state.

334.1670. ORGANIZATION AND OPERATION OF THE INTERSTATE COMMISSION. — 1. The Interstate Commission shall, by a majority of Commissioners present and voting, adopt bylaws to govern its conduct as may be necessary or appropriate to carry out the purposes of the Compact within twelve (12) months of the first Interstate Commission meeting.

2. 3. Officers selected in subsection 2 of this section shall serve without remuneration for the Interstate Commission.

4. The officers and employees of the Interstate Commission shall be immune from suit and liability, either personally or in their official capacity, for a claim for damage to or loss of property or personal injury or other civil liability caused or arising out of, or relating to, an actual or alleged act, error, or omission that occurred, or that such person had a reasonable basis for believing occurred, within the scope of Interstate Commission employment, duties, or responsibilities; provided that such person shall not be protected from suit or liability for damage, loss, injury, or liability caused by the intentional or willful and wanton misconduct of such person.

5. The liability of the executive director and employees of the Interstate Commission or representatives of the Interstate Commission, acting within the scope of such person's employment or duties for acts, errors, or omissions occurring within such person's state, may not exceed the limits of liability set forth under the constitution and laws of that state for state officials, employees, and agents. The Interstate Commission is considered to be an instrumentality of the states for the purpose of any such action. Nothing in this subsection shall be construed to protect such person from suit or liability for damage, loss, injury, or liability caused by the intentional or willful and wanton misconduct of such person.

6. The Interstate Commission shall defend the executive director, its employees, and subject to the approval of the attorney general or other appropriate legal counsel of the member state represented by an Interstate Commission representative, shall defend such Interstate Commission representative in any civil action seeking to impose liability arising out of an actual or alleged act, error or omission that occurred within the scope of Interstate Commission employment, duties or responsibilities, or that the defendant had a reasonable basis for believing occurred within the scope of Interstate Commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from intentional or willful and wanton misconduct on the part of such person.

334.1675. RULEMAKING FUNCTIONS OF THE INTERSTATE COMMISSION. — 1. The Interstate Commission shall promulgate reasonable rules in order to effectively and efficiently achieve the purpose of the Compact. Notwithstanding the foregoing, in the event the Interstate Commission exercises its rulemaking authority in a manner that is beyond the scope of the purposes of the Compact, or the powers granted hereunder, then such an action by the Interstate Commission shall be invalid and have no force or effect.

2. Rules deemed appropriate for the operations of the Interstate Commission shall be made pursuant to a rulemaking process that substantially conforms to the "Model State Administrative Procedure Act" of 2010, and subsequent amendments thereto.

3. Not later than thirty (30) days after a rule is promulgated, any person may file a petition for judicial review of the rule in the United States District Court for the District of Columbia or the federal district where the Interstate Commission has its principal offices, provided that the filing of such a petition shall not stay or otherwise prevent the rule from becoming effective unless the court finds that the petitioner has a substantial likelihood of success. The court shall give deference to the actions of the Interstate Commission consistent with applicable law and shall not find the rule to be unlawful if the rule represents a reasonable exercise of the authority granted to the Interstate Commission.

334.1680. OVERSIGHT OF THE INTERSTATE COMPACT. — 1. The executive, legislative, and judicial branches of state government in each member state shall enforce the Compact and shall take all actions necessary and appropriate to effectuate the Compact's purposes and intent. The provisions of the Compact and the rules promulgated hereunder shall have standing as statutory law but shall not override existing state authority to regulate the practice of medicine.

2. All courts shall take judicial notice of the Compact and the rules in any judicial or administrative proceeding in a member state pertaining to the subject matter of the Compact which may affect the powers, responsibilities or actions of the Interstate Commission.

3. The Interstate Commission shall be entitled to receive all services of process in any such proceeding, and shall have standing to intervene in the proceeding for all purposes. Failure to provide service of process to the Interstate Commission shall render a judgment or order void as to the Interstate Commission, the Compact, or promulgated rules.

334.1685. ENFORCEMENT OF INTERSTATE COMPACT. — 1. The Interstate Commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of the Compact.

2. The Interstate Commission may, by majority vote of the Commissioners, initiate legal action in the United States District Court for the District of Columbia, or, at the discretion of the Interstate Commission, in the federal district where the Interstate Commission has its principal offices, to enforce compliance with the provisions of the Compact, and its promulgated rules and bylaws, against a member state in default. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation including reasonable attorney's fees.

3. The remedies herein shall not be the exclusive remedies of the Interstate Commission. The Interstate Commission may avail itself of any other remedies available under state law or regulation of a profession.

334.1690. DEFAULT PROCEDURES. — 1. The grounds for default include, but are not limited to, failure of a member state to perform such obligations or responsibilities imposed upon it by the Compact, or the rules and bylaws of the Interstate Commission promulgated under the Compact.

2. If the Interstate Commission determines that a member state has defaulted in the performance of its obligations or responsibilities under the Compact, or the bylaws or promulgated rules, the Interstate Commission shall:

(1) Provide written notice to the defaulting state and other member states, of the nature of the default, the means of curing the default, and any action taken by the Interstate Commission. The Interstate Commission shall specify the conditions by which the defaulting state must cure its default; and

(2) Provide remedial training and specific technical assistance regarding the default.

3. If the defaulting state fails to cure the default, the defaulting state shall be terminated from the Compact upon an affirmative vote of a majority of the Commissioners and all rights, privileges, and benefits conferred by the Compact shall terminate on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of the default.

4. Termination of membership in the Compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to terminate shall be given by the Interstate Commission to the governor, the majority and minority leaders of the defaulting state's legislature, and each of the member states.

5. The Interstate Commission shall establish rules and procedures to address licenses and physicians that are materially impacted by the termination of a member state, or the withdrawal of a member state.

6. The member state which has been terminated is responsible for all dues, obligations, and liabilities incurred through the effective date of termination including obligations, the performance of which extends beyond the effective date of termination.

7. The Interstate Commission shall not bear any costs relating to any state that has been found to be in default or which has been terminated from the Compact, unless otherwise mutually agreed upon in writing between the Interstate Commission and the defaulting state.

8. The defaulting state may appeal the action of the Interstate Commission by petitioning the United States District Court for the District of Columbia or the federal district where the Interstate Commission has its principal offices. The prevailing party shall be awarded all costs of such litigation including reasonable attorney's fees.

334.1695. DISPUTE RESOLUTION. — 1. The Interstate Commission shall attempt, upon the request of a member state, to resolve disputes which are subject to the Compact and which may arise among member states or member boards.

334.1700. MEMBER STATES, EFFECTIVE DATE AND AMENDMENT. — 1. Any state is eligible to become a member of the Compact.

2. The Compact shall become effective and binding upon legislative enactment of the Compact into law by no less than seven (7) states. Thereafter, it shall become effective and binding on a state upon enactment of the Compact into law by that state.

3. The governors of non-member states, or their designees, shall be invited to participate in the activities of the Interstate Commission on a non-voting basis prior to adoption of the Compact by all states.

4. The Interstate Commission may propose amendments to the Compact for enactment by the member states. No amendment shall become effective and binding upon the Interstate Commission and the member states unless and until it is enacted into law by unanimous consent of the member states.

334.1705. WITHDRAWAL. — 1. Once effective, the Compact shall continue in force and remain binding upon each and every member state; provided that a member state may withdraw from the Compact by specifically repealing the statute which enacted the Compact into law.

2. Withdrawal from the Compact shall be by the enactment of a statute repealing the same, but shall not take effect until one (1) year after the effective date of such statute and until written notice of the withdrawal has been given by the withdrawing state to the governor of each other member state.

3. The withdrawing state shall immediately notify the chairperson of the Interstate Commission in writing upon the introduction of legislation repealing the Compact in the withdrawing state.

4. The Interstate Commission shall notify the other member states of the withdrawing state's intent to withdraw within sixty (60) days of its receipt of notice provided under subsection 3 of this section.

5. The withdrawing state is responsible for all dues, obligations, and liabilities incurred through the effective date of withdrawal, including obligations, the performance of which extend beyond the effective date of withdrawal.

6. Reinstatement following withdrawal of a member state shall occur upon the withdrawing state reenacting the Compact or upon such later date as determined by the Interstate Commission.

7. The Interstate Commission is authorized to develop rules to address the impact of the withdrawal of a member state on licenses granted in other member states to physicians who designated the withdrawing member state as the state of principal license.

334.1710. DISSOLUTION. — 1. The Compact shall dissolve effective upon the date of the withdrawal or default of the member state which reduces the membership of the Compact to one (1) member state.

2. Upon the dissolution of the Compact, the Compact becomes null and void and shall be of no further force or effect, and the business and affairs of the Interstate Commission shall be concluded, and surplus funds shall be distributed in accordance with the bylaws.

334.1715. SEVERABILITY AND CONSTRUCTION. — 1. The provisions of the Compact shall be severable, and if any phrase, clause, sentence, or provision is deemed unenforceable, the remaining provisions of the Compact shall be enforceable.

2. The provisions of the Compact shall be liberally construed to effectuate its purposes.

3. Nothing in the Compact shall be construed to prohibit the applicability of other interstate compacts to which the member states are members.

334.1720. BINDING EFFECT OF COMPACT AND OTHER LAWS. — 1. Nothing herein prevents the enforcement of any other law of a member state that is not inconsistent with the Compact.

2. All laws in a member state in conflict with the Compact are superseded to the extent of the conflict.

3. All lawful actions of the Interstate Commission, including all rules and bylaws promulgated by the Commission, are binding upon the member states.

4. All agreements between the Interstate Commission and the member states are binding in accordance with their terms.

5. In the event any provision of the Compact exceeds the constitutional limits imposed on the legislature of any member state, such provision shall be ineffective to the extent of the conflict with the constitutional provision in question in that member state.

B. The Commission shall exercise its Rulemaking powers pursuant to the criteria set forth in this Section and the Rules adopted thereunder. Rules and amendments shall become binding as of the date specified in each Rule or amendment.

C. If a majority of the legislatures of the Member States rejects a Rule, by enactment of a statute or resolution in the same manner used to adopt the Compact within four (4) years of the date of adoption of the Rule, then such Rule shall have no further force and effect in any Member State.

B. Default, Technical Assistance, and Termination

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law.

Matter underscored is proposed language.

- b. Provide remedial training and specific technical assistance regarding the default.

C. If a State in default fails to cure the default, the defaulting State may be terminated from the Compact upon an affirmative vote of a majority of the Member States, and all rights, privileges and benefits conferred by this Compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending State of obligations or liabilities incurred during the period of default.

D. Termination of membership in the Compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the Commission to the governor, the majority and minority leaders of the defaulting State's legislature, and each of the Member States.

E. A State that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

F. The Commission shall not bear any costs related to a State that is found to be in default or that has been terminated from the Compact, unless agreed upon in writing between the Commission and the defaulting State.

2. By majority vote, the Commission may initiate legal action in the United States District Court for the District of Columbia or the federal district where the Commission has its principal offices against a Member State in default to enforce compliance with the provisions of the Compact and its promulgated Rules and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.

3. The remedies herein shall not be the exclusive remedies of the Commission. The Commission may pursue any other remedies available under federal or State law.

SECTION 13. DATE OF IMPLEMENTATION OF THE COUNSELING COMPACT COMMISSION AND ASSOCIATED RULES, WITHDRAWAL, AND AMENDMENT

A. The Compact shall come into effect on the date on which the Compact statute is enacted into law in the tenth Member State. Thereafter, the Commission shall meet and exercise Rulemaking powers necessary to the implementation and administration of the Compact.

B. Any State that joins the Compact subsequent to the Commission's initial adoption of the Rules shall be subject to the Rules as they exist on the date on which the Compact becomes law in that State.

Any Rule that has been previously adopted by the Commission shall have the full force and effect of law on the day the Compact becomes law in that State.

C. Any Member State may withdraw from this Compact by enacting a statute repealing the same.

1. A Member State's withdrawal shall not take effect until six (6) months after enactment of the repealing statute.

2. Withdrawal shall not affect the continuing requirement of the withdrawing State's Professional Counseling Licensing Board to comply with the investigative and Adverse Action reporting requirements of this act prior to the effective date of withdrawal.

D. Nothing contained in this Compact shall be construed to invalidate or prevent any Professional Counseling licensure agreement or other cooperative arrangement between a Member State and a non-Member State that does not conflict with the provisions of this Compact.

E. This Compact may be amended by the Member States. No amendment to this Compact shall become effective and binding upon any Member State until it is enacted into the laws of all Member States.

SECTION 14. CONSTRUCTION AND SEVERABILITY

This Compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this Compact shall be severable and if any phrase, clause, sentence or provision of this Compact is declared to be contrary to the constitution of any Member State or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this Compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this Compact shall be held contrary to the constitution of any Member State, the Compact shall remain in full force and effect as to the remaining Member States and in full force and effect as to the Member State affected as to all severable matters.

SECTION 15. BINDING EFFECT OF COMPACT AND OTHER LAWS

A. A Licensee providing Professional Counseling services in a Remote State under the Privilege to Practice shall adhere to the laws and regulations, including scope of practice, of the Remote State.

D. Any lawful actions of the Commission, including all Rules and bylaws properly promulgated by the Commission, are binding upon the Member States.

Compact and the Rules of the Commission. The Multistate License issued by the prior Home State will be deactivated and all Member States notified in accordance with the applicable Rules adopted by the Commission.

(3) Prior to the reissuance of the Multistate License, the new Home State shall conduct procedures for considering the criminal history records of the Licensee. Such procedures shall include the submission of fingerprints or other biometric-based information by applicants for the purpose of obtaining an applicant's criminal history record information from the Federal Bureau of Investigation and the agency responsible for retaining that State's criminal records.

(4) If required for initial licensure, the new Home State may require completion of jurisprudence requirements in the new Home State.

(5) Notwithstanding any other provision of this Compact, if a Licensee does not meet the requirements set forth in this Compact for the reissuance of a Multistate License by the new Home State, then the Licensee shall be subject to the new Home State requirements for the issuance of a Single State License in that State.

3. If a Licensee changes their primary State of residence by moving from a Member State to a non-Member State, or from a non-Member State to a Member State, then the Licensee shall be subject to the State requirements for the issuance of a Single State License in the new Home State.

4. Nothing in this Compact shall interfere with a Licensee's ability to hold a Single State License in multiple States; however, for the purposes of this Compact, a Licensee shall have only one Home State, and only one Multistate License.

5. Nothing in this Compact shall interfere with the requirements established by a Member State for the issuance of a Single State License.

337.1035. MILITARY FAMILIES. — An Active Military Member or their spouse shall designate a Home State where the individual has a Multistate License. The individual may retain their Home State designation during the period the service member is on active duty.

337.1040. ADVERSE ACTIONS. — 1. In addition to the other powers conferred by State law, a Remote State shall have the authority, in accordance with existing State due process law, to:

(1) Take Adverse Action against a Regulated Social Worker's Multistate Authorization to Practice only within that Member State, and issue subpoenas for both hearings and investigations that require the attendance and testimony of witnesses as well as the production of evidence. Subpoenas issued by a Licensing Authority in a Member State for the attendance and testimony of witnesses or the production of evidence from another Member State shall be enforced in the latter State by any court of competent jurisdiction, according to the practice and procedure of that court applicable to subpoenas issued in proceedings pending before it. The issuing Licensing Authority shall pay any witness fees, travel expenses, mileage, and other fees required by the service statutes of the State in which the witnesses or evidence are located.

(2) Only the Home State shall have the power to take Adverse Action against a Regulated Social Worker's Multistate License.

2. For purposes of taking Adverse Action, the Home State shall give the same priority and effect to reported conduct received from a Member State as it would if the conduct had occurred within the Home State. In so doing, the Home State shall apply its own State laws to determine appropriate action.

3. The Home State shall complete any pending investigations of a Regulated Social Worker who changes their Home State during the course of the investigations. The Home State shall also have the authority to take appropriate action(s) and shall promptly report the conclusions of the investigations to the administrator of the Data System. The administrator of the Data System shall promptly notify the new Home State of any Adverse Actions.

4. A Member State, if otherwise permitted by State law, may recover from the affected Regulated Social Worker the costs of investigations and dispositions of cases resulting from any Adverse Action taken against that Regulated Social Worker.

5. A Member State may take Adverse Action based on the factual findings of another Member State, provided that the Member State follows its own procedures for taking the Adverse Action.

6. (1) In addition to the authority granted to a Member State by its respective Social Work practice act or other applicable State law, any Member State may participate with other Member States in joint investigations of Licensees.

(2) Member States shall share any investigative, litigation, or compliance materials in furtherance of any joint or individual investigation initiated under the Compact.

7. If Adverse Action is taken by the Home State against the Multistate License of a Regulated Social Worker, the Regulated Social Worker's Multistate Authorization to Practice in all other Member States shall be deactivated until all Encumbrances have been removed from the Multistate License. All Home State disciplinary orders that impose Adverse Action against the license of a Regulated Social Worker shall include a statement that the Regulated Social Worker's Multistate Authorization to Practice is deactivated in all Member States until all conditions of the decision, order or agreement are satisfied.

8. If a Member State takes Adverse Action, it shall promptly notify the administrator of the Data System. The administrator of the Data System shall promptly notify the Home State and all other Member States of any Adverse Actions by Remote States.

9. Nothing in this Compact shall override a Member State's decision that participation in an Alternative Program may be used in lieu of Adverse Action.

10. Nothing in this Compact shall authorize a Member State to demand the issuance of subpoenas for attendance and testimony of witnesses or the production of evidence from another Member State for lawful actions within that Member State.

11. Nothing in this Compact shall authorize a Member State to impose discipline against a Regulated Social Worker who holds a Multistate Authorization to Practice for lawful actions within another Member State.

(a) Executive Committee meetings shall be open to the public, except that the Executive Committee may meet in a closed, non-public meeting as provided in subdivision (2) of subsection 6 of this section.

(b) The Executive Committee shall give seven (7) days' notice of its meetings, posted on its website and as determined to provide notice to persons with an interest in the business of the Commission.

6. (1) All meetings shall be open to the public, except that the Commission may meet in a closed, non-public meeting as provided in subdivision (2) of this subsection.

(a) Public notice for all meetings of the full Commission of meetings shall be given in the same manner as required under the Rulemaking provisions in section 337.1055, except that the Commission may hold a special meeting as provided in paragraph (b) of this subdivision.

(b) The Commission may hold a special meeting when it must meet to conduct emergency business by giving 48 hours' notice to all commissioners, on the Commission's website, and other means as provided in the Commission's Rules. The Commission's legal counsel shall certify that the Commission's need to meet qualifies as an emergency.

(2) The Commission or the Executive Committee or other committees of the Commission may convene in a closed, non-public meeting for the Commission or Executive Committee or other committees of the Commission to receive legal advice or to discuss:

(a) Non-compliance of a Member State with its obligations under the Compact;

(b) The employment, compensation, discipline or other matters, practices or procedures related to specific employees;

(c) Current or threatened discipline of a Licensee by the Commission or by a Member State's Licensing Authority;

(l) Other matters as promulgated by the Commission by Rule.

(3) If a meeting, or portion of a meeting, is closed, the presiding officer shall state that the meeting will be closed and reference each relevant exempting provision, and such reference shall be recorded in the minutes.

(4) The Commission shall keep minutes that fully and clearly describe all matters discussed in a meeting and shall provide a full and accurate summary of actions taken, and the reasons therefor, including a description of the views expressed. All documents considered in connection with an action shall be identified in such minutes. All minutes and documents of a closed meeting shall remain under seal, subject to release only by a majority vote of the Commission or order of a court of competent jurisdiction.

7. (1) The Commission shall pay, or provide for the payment of, the reasonable expenses of its establishment, organization, and ongoing activities.

(2) The Commission may accept any and all appropriate revenue sources as provided in subdivision (13) of subsection 3 of this section.

(3) The Commission may levy on and collect an annual assessment from each Member State and impose fees on Licensees of Member States to whom it grants a Multistate License to cover the cost of the operations and activities of the Commission and its staff, which must be in a total amount sufficient to cover its annual budget as approved each year for which revenue is not provided by other sources. The aggregate annual assessment amount for Member States shall be allocated based upon a formula that the Commission shall promulgate by Rule.

(4) The Commission shall not incur obligations of any kind prior to securing the funds adequate to meet the same; nor shall the Commission pledge the credit of any of the Member States, except by and with the authority of the Member State.

(5) The Commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the Commission shall be subject to the financial review and accounting procedures established under its bylaws. However, all receipts and disbursements of funds handled by the Commission shall be subject to an annual financial review by a certified or licensed public accountant, and the report of the financial review shall be included in and become part of the annual report of the Commission.

8. (1) The members, officers, executive director, employees and representatives of the Commission shall be immune from suit and liability, both personally and in their official capacity, for any claim for damage to or loss of property or personal injury or other civil liability caused by or arising out of any actual or alleged act, error, or omission that occurred, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of Commission employment, duties or responsibilities; provided that nothing in this subdivision shall be construed to protect any such person from suit or liability for any damage, loss, injury, or liability caused by the intentional or willful or

Matter underscored is proposed language.

wanton misconduct of that person. The procurement of insurance of any type by the Commission shall not in any way compromise or limit the immunity granted hereunder.

(2) The Commission shall defend any member, officer, executive director, employee, and representative of the Commission in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of Commission employment, duties, or responsibilities, or as determined by the Commission that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of Commission employment, duties, or responsibilities; provided that nothing herein shall be construed to prohibit that person from retaining their own counsel at their own expense; and provided further, that the actual or alleged act, error, or omission did not result from that person's intentional or willful or wanton misconduct.

(3) The Commission shall indemnify and hold harmless any member, officer, executive director, employee, and representative of the Commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error, or omission that occurred within the scope of Commission employment, duties, or responsibilities, or that such person had a reasonable basis for believing occurred within the scope of Commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from the intentional or willful or wanton misconduct of that person.

(4) Nothing herein shall be construed as a limitation on the liability of any Licensee for professional malpractice or misconduct, which shall be governed solely by any other applicable State laws.

(5) Nothing in this Compact shall be interpreted to waive or otherwise abrogate a Member State's state action immunity or state action affirmative defense with respect to antitrust claims under the Sherman Act, Clayton Act, or any other State or federal antitrust or anticompetitive law or regulation.

(6) Nothing in this Compact shall be construed to be a waiver of sovereign immunity by the Member States or by the Commission.

337.1050. DATA SYSTEM. — 1. The Commission shall provide for the development, maintenance, operation, and utilization of a coordinated Data System.

2. The Commission shall assign each applicant for a Multistate License a unique identifier, as determined by the Rules of the Commission.

3. Notwithstanding any other provision of State law to the contrary, a Member State shall submit a uniform data set to the Data System on all individuals to whom this Compact is applicable as required by the Rules of the Commission, including:

(1) Identifying information;

(2) Licensure data;

(3) Adverse Actions against a license and information related thereto;

(4) Non-confidential information related to Alternative Program participation, the beginning and ending dates of such participation, and other information related to such participation not made confidential under Member State law;

(5) Any denial of application for licensure, and the reason or reasons for such denial;

(6) The presence of Current Significant Investigative Information; and

(7) Other information that may facilitate the administration of this Compact or the protection of the public, as determined by the Rules of the Commission.

4. The records and information provided to a Member State pursuant to this Compact or through the Data System, when certified by the Commission or an agent thereof, shall constitute the authenticated business records of the Commission, and shall be entitled to any associated hearsay exception in any relevant judicial, quasi-judicial or administrative proceedings in a Member State.

5. (1) Current Significant Investigative Information pertaining to a Licensee in any Member State will only be available to other Member States.

(2) It is the responsibility of the Member States to report any Adverse Action against a Licensee and to monitor the database to determine whether Adverse Action has been taken against a Licensee. Adverse Action information pertaining to a Licensee in any Member State will be available to any other Member State.

6. Member States contributing information to the Data System may designate information that may not be shared with the public without the express permission of the contributing State.

7. Any information submitted to the Data System that is subsequently expunged pursuant to federal law or the laws of the Member State contributing the information shall be removed from the Data System.

337.1055. RULEMAKING. — 1. The Commission shall promulgate reasonable Rules in order to effectively and efficiently implement and administer the purposes and provisions of the Compact. A Rule shall be invalid and have no force or effect only if a court of competent jurisdiction holds that the Rule is invalid because the Commission exercised its rulemaking authority in a manner that is beyond the scope and purposes of the Compact, or the powers granted hereunder, or based upon another applicable standard of review.

2. The Rules of the Commission shall have the force of law in each Member State, provided however that where the Rules of the Commission conflict with the laws of the Member State that establish the Member State's laws, regulations, and applicable standards that govern the practice of Social Work as held by a court of competent jurisdiction, the Rules of the Commission shall be ineffective in that State to the extent of the conflict.

3. The Commission shall exercise its Rulemaking powers pursuant to the criteria set forth in this Section and the Rules adopted thereunder. Rules shall become binding on the day following adoption or the date specified in the rule or amendment, whichever is later.

4. If a majority of the legislatures of the Member States rejects a Rule or portion of a Rule, by enactment of a statute or resolution in the same manner used to adopt the Compact within four (4) years of the date of adoption of the Rule, then such Rule shall have no further force and effect in any Member State.

5. Rules shall be adopted at a regular or special meeting of the Commission.

6. Prior to adoption of a proposed Rule, the Commission shall hold a public hearing and allow persons to provide oral and written comments, data, facts, opinions, and arguments.

7. Prior to adoption of a proposed Rule by the Commission, and at least thirty (30) days in advance of the meeting at which the Commission will hold a public hearing on the proposed Rule, the Commission shall provide a Notice of Proposed Rulemaking:

(1) On the website of the Commission or other publicly accessible platform;

(2) To persons who have requested notice of the Commission's notices of proposed rulemaking; and

(3) In such other way(s) as the Commission may by Rule specify.

8. The Notice of Proposed Rulemaking shall include:

(1) The time, date, and location of the public hearing at which the Commission will hear public comments on the proposed Rule and, if different, the time, date, and location of the meeting where the Commission will consider and vote on the proposed Rule;

(2) If the hearing is held via telecommunication, video conference, or other electronic means, the Commission shall include the mechanism for access to the hearing in the Notice of Proposed Rulemaking;

(3) The text of the proposed Rule and the reason therefor;

(4) A request for comments on the proposed Rule from any interested person; and

(5) The manner in which interested persons may submit written comments.

9. All hearings will be recorded. A copy of the recording and all written comments and documents received by the Commission in response to the proposed Rule shall be available to the public.

10. Nothing in this section shall be construed as requiring a separate hearing on each Rule. Rules may be grouped for the convenience of the Commission at hearings required by this section.

11. The Commission shall, by majority vote of all members, take final action on the proposed Rule based on the Rulemaking record and the full text of the Rule.

(1) The Commission may adopt changes to the proposed Rule provided the changes do not enlarge the original purpose of the proposed Rule.

(2) The Commission shall provide an explanation of the reasons for substantive changes made to the proposed Rule as well as reasons for substantive changes not made that were recommended by commenters.

(3) The Commission shall determine a reasonable effective date for the Rule. Except for an emergency as provided in subsection 12 of this section, the effective date of the rule shall be no sooner than 30 days after issuing the notice that it adopted or amended the Rule.

12. Upon determination that an emergency exists, the Commission may consider and adopt an emergency Rule with 48 hours' notice, with opportunity to comment, provided that the usual Rulemaking procedures provided in the Compact and in this section shall be retroactively applied to the Rule as soon as reasonably possible, in no event later than ninety (90) days after the effective date of the Rule. For the purposes of this provision, an emergency Rule is one that must be adopted immediately in order to:

(1) Meet an imminent threat to public health, safety, or welfare;

(2) Prevent a loss of Commission or Member State funds;

(3) Meet a deadline for the promulgation of a Rule that is established by federal law or rule; or

(4) Protect public health and safety.

13. The Commission or an authorized committee of the Commission may direct revisions to a previously adopted Rule for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the website of the Commission. The revision shall be subject to challenge by any person for a period of thirty (30) days after posting. The revision may be challenged only on grounds that the revision results in a material change to a Rule. A challenge shall be made in writing and delivered to the Commission prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the Commission.

14. No Member State's rulemaking requirements shall apply under this compact.

337.1060. OVERSIGHT, DISPUTE RESOLUTION, AND ENFORCEMENT. — 1. (1) The executive and judicial branches of State government in each Member State shall enforce this Compact and take all actions necessary and appropriate to implement the Compact.

(2) Except as otherwise provided in this Compact, venue is proper and judicial proceedings by or against the Commission shall be brought solely and exclusively in a court of competent jurisdiction where the principal office of the Commission is located. The Commission may waive venue and jurisdictional defenses to the extent it adopts or consents to participate in alternative dispute resolution proceedings. Nothing herein shall affect or limit the selection or propriety of venue in any action against a Licensee for professional malpractice, misconduct or any such similar matter.

(3) The Commission shall be entitled to receive service of process in any proceeding regarding the enforcement or interpretation of the Compact and shall have standing to intervene in such a proceeding for all purposes. Failure to provide the Commission service of process shall render a judgment or order void as to the Commission, this Compact, or promulgated Rules.

2. (1) If the Commission determines that a Member State has defaulted in the performance of its obligations or responsibilities under this Compact or the promulgated Rules, the Commission shall

Matter underscored is proposed language.

provide written notice to the defaulting State. The notice of default shall describe the default, the proposed means of curing the default, and any other action that the Commission may take, and shall offer training and specific technical assistance regarding the default.

(2) The Commission shall provide a copy of the notice of default to the other Member States.

3. If a State in default fails to cure the default, the defaulting State may be terminated from the Compact upon an affirmative vote of a majority of the delegates of the Member States, and all rights, privileges and benefits conferred on that State by this Compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending State of obligations or liabilities incurred during the period of default.

4. Termination of membership in the Compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the Commission to the governor, the majority and minority leaders of the defaulting State's legislature, the defaulting State's State Licensing Authority and each of the Member States' State Licensing Authority.

5. A State that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

6. Upon the termination of a State's membership from this Compact, that State shall immediately provide notice to all Licensees within that State of such termination. The terminated State shall continue to recognize all licenses granted pursuant to this Compact for a minimum of six (6) months after the date of said notice of termination.

7. The Commission shall not bear any costs related to a State that is found to be in default or that has been terminated from the Compact, unless agreed upon in writing between the Commission and the defaulting State.

8. The defaulting State may appeal the action of the Commission by petitioning the U.S. District Court for the District of Columbia or the federal district where the Commission has its principal offices. The prevailing party shall be awarded all costs of such litigation, including reasonable attorney's fees.

9. (1) Upon request by a Member State, the Commission shall attempt to resolve disputes related to the Compact that arise among Member States and between Member and non-Member States.

(2) The Commission shall promulgate a Rule providing for both mediation and binding dispute resolution for disputes as appropriate.

10. (1) By majority vote as provided by Rule, the Commission may initiate legal action against a Member State in default in the United States District Court for the District of Columbia or the federal district where the Commission has its principal offices to enforce compliance with the provisions of the Compact and its promulgated Rules. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation, including reasonable attorney's fees. The remedies herein shall not be the exclusive remedies of the Commission. The Commission may pursue any other remedies available under federal or the defaulting Member State's law.

(2) A Member State may initiate legal action against the Commission in the U.S. District Court for the District of Columbia or the federal district where the Commission has its principal offices to enforce compliance with the provisions of the Compact and its promulgated Rules. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation, including reasonable attorney's fees.

(3) No person other than a Member State shall enforce this compact against the Commission.

337.1065. EFFECTIVE DATE, WITHDRAWAL, AND AMENDMENT. — 1. The Compact shall come into effect on the date on which the Compact statute is enacted into law in the seventh Member State.

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law.
Matter underscored is proposed language.

(1) On or after the effective date of the Compact, the Commission shall convene and review the enactment of each of the first seven Member States ("Charter Member States") to determine if the statute enacted by each such Charter Member State is materially different than the model Compact statute.

(a) A Charter Member State whose enactment is found to be materially different from the model Compact statute shall be entitled to the default process set forth in section 337.1060.

(b) If any Member State is later found to be in default, or is terminated or withdraws from the Compact, the Commission shall remain in existence and the Compact shall remain in effect even if the number of Member States should be less than seven.

(2) Member States enacting the Compact subsequent to the seven initial Charter Member States shall be subject to the process set forth in subdivision (21) of subsection 3 of section 337.1045 to determine if their enactments are materially different from the model Compact statute and whether they qualify for participation in the Compact.

(3) All actions taken for the benefit of the Commission or in furtherance of the purposes of the administration of the Compact prior to the effective date of the Compact or the Commission coming into existence shall be considered to be actions of the Commission unless specifically repudiated by the Commission.

(4) Any State that joins the Compact subsequent to the Commission's initial adoption of the Rules and bylaws shall be subject to the Rules and bylaws as they exist on the date on which the Compact becomes law in that State. Any Rule that has been previously adopted by the Commission shall have the full force and effect of law on the day the Compact becomes law in that State.

2. Any Member State may withdraw from this Compact by enacting a statute repealing the same.

(1) A Member State's withdrawal shall not take effect until 180 days after enactment of the repealing statute.

(2) Withdrawal shall not affect the continuing requirement of the withdrawing State's Licensing Authority to comply with the investigative and Adverse Action reporting requirements of this Compact prior to the effective date of withdrawal.

(3) Upon the enactment of a statute withdrawing from this compact, a State shall immediately provide notice of such withdrawal to all Licensees within that State. Notwithstanding any subsequent statutory enactment to the contrary, such withdrawing State shall continue to recognize all licenses granted pursuant to this compact for a minimum of 180 days after the date of such notice of withdrawal.

3. Nothing contained in this Compact shall be construed to invalidate or prevent any licensure agreement or other cooperative arrangement between a Member State and a non-Member State that does not conflict with the provisions of this Compact.

4. This Compact may be amended by the Member States. No amendment to this Compact shall become effective and binding upon any Member State until it is enacted into the laws of all Member States.

337.1070. CONSTRUCTION AND SEVERABILITY. — 1. This Compact and the Commission's rulemaking authority shall be liberally construed so as to effectuate the purposes, and the implementation and administration of the Compact. Provisions of the Compact expressly authorizing or requiring the promulgation of Rules shall not be construed to limit the Commission's rulemaking authority solely for those purposes.

2. The provisions of this Compact shall be severable and if any phrase, clause, sentence or provision of this Compact is held by a court of competent jurisdiction to be contrary to the constitution of any Member State, a State seeking participation in the Compact, or of the United States, or the applicability thereof to any government, agency, person or circumstance is held to be unconstitutional by a court of competent jurisdiction, the validity of the remainder of this Compact and the applicability thereof to any other government, agency, person or circumstance shall not be affected thereby.

3. Notwithstanding subsection 2 of this section, the Commission may deny a State's participation in the Compact or, in accordance with the requirements of subsection 2 of section 337.1060, terminate a Member State's participation in the Compact, if it determines that a constitutional requirement of a Member State is a material departure from the Compact. The board of directors shall be responsible for the administration and the investment of the funds of such sheriffs' retirement fund. ~~[Neither]~~ The general assembly ~~[nor]~~ and the governing body of a county ~~[shall]~~ may appropriate funds for deposit in the sheriffs' retirement fund. If insufficient funds are generated to provide the benefits payable pursuant to the provisions of sections 57.949 to 57.997, the board shall proportion the benefits according to the funds available.

2. The board may accept gifts, donations, grants, and bequests from public or private sources to the sheriffs' retirement fund.

3. Each county shall make the payroll deductions for member contributions mandated under section 57.961, and the county shall transmit such moneys to the board for deposit into the sheriffs' retirement fund.

57.961. MEMBERSHIP IN SYSTEM — MEMBER CONTRIBUTION REQUIRED, PROCEDURE — CERTAIN CITIES AND COUNTIES MAY JOIN, HOW — RULEMAKING AUTHORITY. — 1. On and

after the effective date of the establishment of the system, as an incident to his or her employment or continued employment, each person employed as an elected or appointed sheriff of a county shall become a member of the system. Such membership shall continue as long as the person continues to be an employee, or receives or is eligible to receive benefits under the provisions of sections 57.949 to 57.997.

2. Notwithstanding any other provision of law to the contrary, each person who is a member of the system on or after January 1, 2024, shall be required to contribute five percent of the member's pay to the retirement system. Such contribution shall be made notwithstanding that the minimum salary or wages provided by law for any member shall thereby be changed. Each member shall be deemed to consent and agree to the deduction made and provided for herein. Payment of a member's compensation less such deduction shall be a full and complete discharge and acquittance of all claims and demands whatsoever for services rendered by him or her to a county, except as to benefits provided by this system.

3. The officer or officers responsible for making up the payrolls for each county shall cause the contribution provided for in this section to be deducted from the compensation of the member in the employ of the county, on each and every payroll, for each and every payroll to the date his or her membership terminates. When deducted, each contribution shall be paid by the county to the system; the payments shall be made in the manner and shall be accompanied by such supporting data as the board shall from time to time prescribe. When paid to the system, each of the contributions shall be credited to the member from whose compensation the contributions were deducted. The contributions so deducted shall be treated as employee contributions for purposes of determining the member's pay that is includable in the member's gross income for federal income tax purposes.

4. Member contributions deducted and paid into the system by the county shall be paid from the same source of funds used for the payment of pay to a member. A deduction shall be made from each member's pay equal to the amount of the member's contributions picked up by the employer. This deduction, however, shall not reduce the member's pay for purposes of computing benefits under the retirement system under this chapter.

5. The contributions, although designated as employee contributions, shall be paid by the county in lieu of the contributions by the member. The member shall not have the option of choosing to receive the contributed amounts directly instead of having them paid by the county to the retirement system.

6. A former member who is not vested may request a refund of his or her contributions. Such refund shall be paid by the system after ninety days from the date of termination of employment or the request, whichever is later, and shall include all contributions made to any retirement plan administered by the system.

[2.] 7. Beginning September 1, 1986, any city not within a county and any county having a charter form of government may elect, by a majority vote of its governing body, to come under the provisions of sections 57.949 to 57.997 except for the provisions of section 57.955. Notice in writing of such election shall be given to the board, and the person employed as sheriff of such county, as an incident of his contract of employment or continued employment, shall become a member of the system on the first day of the month immediately following the date the board receives notice. Such membership shall continue as long as the person continues to be an employee, or receives or is eligible to receive benefits under the provisions of sections 57.949 to 57.997, and upon becoming a member he shall receive credit for all prior service as if he had become a member on December 22, 1983.

8. Subject to the limitations under sections 57.949 to 57.997, the board shall have the authority to formulate and adopt rules and regulations for the administration of these provisions.

57.967. NORMAL ANNUITY, CALCULATION, MINIMUM AMOUNT — MEDICAL INSURANCE PREMIUMS FOR RETIRED MEMBERS — SURVIVING SPOUSE OF MEMBER DYING BEFORE RETIREMENT, BENEFITS. — 1. The normal annuity of a retired member shall equal two percent of the final average compensation of the retired member multiplied by the number of years of creditable

service of the retired member, except that the normal annuity shall not exceed seventy-five percent of the retired member's average final compensation. Such annuity shall be not less than one thousand dollars per month.

2. The board, at its last meeting of each calendar year, shall determine the monthly amount for medical insurance premiums to be paid to each retired member during the next following calendar year. The monthly amount shall not exceed four hundred fifty dollars. The monthly payments are at the discretion of the board on the advice of the actuary. The anticipated sum of all such payments during the year plus the annual normal cost plus the annual amount to amortize the unfunded actuarial accrued liability in no more than thirty years shall not exceed the anticipated moneys credited to the system pursuant to [section] sections 57.952 and 57.955. The money amount granted here shall not be continued to any survivor.

3. If a member with eight or more years of service dies before becoming eligible for retirement, the member's surviving spouse, if he or she has been married to the member for at least two years prior to the member's death, shall be entitled to survivor benefits under option 1 as set forth in section 57.979 as if the member had retired on the date of the member's death. The member's monthly benefit shall be calculated as the member's accrued benefit at his or her death reduced by one-fourth of one percent per month for an early commencement from the member's normal retirement date: age fifty-five with twelve or more years of creditable service or age sixty-two with eight years of creditable service, to the member's date of death. Such benefit shall be payable on the first day of the month following the member's death and shall be payable during the surviving spouse's lifetime.

57.991. EFFECT OF BENEFITS ON ELIGIBILITY FOR BENEFITS IN OTHER SYSTEMS. — 1. For members of the system prior to December 31, 2023, the benefits provided for by sections 57.949 to 57.997 shall in no way affect any person's eligibility for retirement benefits under the local government employees' retirement system, sections 70.600 to 70.755, or any other local government retirement or pension system, or in any way have the effect of reducing retirement benefits in such systems, or reducing compensation or mileage reimbursement of employees, anything to the contrary notwithstanding.

2. Any new members employed under this section, on or after January 1, 2024, shall be subject to the following provisions:

(1) A member of another state or local retirement or pension system who begins employment in a position covered by the sheriffs' retirement system shall become a member of the sheriffs' retirement system upon employment. Any membership in any other state or local retirement or pension system shall cease, except that the member shall be entitled to benefits accrued through December 31, 2023, or the commencement of membership in the sheriffs' retirement system, whichever is later; and

(2) Subject to the limitations under sections 57.949 to 57.997, the board shall have the authority to formulate and adopt rules and regulations for the administration of these provisions.

Upon termination of employment as a police officer and actual retirement for service, a member shall receive a service retirement allowance which shall be an amount equal to two percent of the member's average final compensation multiplied by the number of years of the member's creditable service, up to twenty-five years, plus an amount equal to four percent of the member's average final compensation for each year of creditable service in excess of twenty-five years but not in excess of thirty years; plus an additional five percent of the member's average final compensation for any creditable service in excess of thirty years. Notwithstanding the foregoing, the service retirement allowance of a member who does not earn any creditable service after August 11, 1999, shall not exceed an amount equal to seventy percent of the member's average final compensation,

and the service retirement allowance of a member who earns creditable service on or after August 12, 1999, shall not exceed an amount equal to seventy-five percent of the member's average final compensation; provided, however, that the service retirement allowance of a member who is participating in the DROP pursuant to section 86.251 on August 12, 1999, who returns to active participation in the system pursuant to section 86.251, and who terminates employment as a police officer and actually retires for reasons other than death or disability before earning at least two years of creditable service after such return shall be the sum of (1) the member's service retirement allowance as of the date the member entered DROP and (2) an additional service retirement allowance based solely on the creditable service earned by the member following the member's return to active participation. The member's total years of creditable service shall be taken into account for the purpose of determining whether the additional allowance attributable to such additional creditable service is two percent, four percent or five percent of the member's average final compensation.

2. If, at any time since first becoming a member of the retirement system, the member has served in the Armed Forces of the United States, and has subsequently been reinstated as a policeman within ninety days after the member's discharge, the member shall be granted credit for such service as if the member's service in the police department of such city had not been interrupted by the member's induction into the Armed Forces of the United States. If earnable compensation is needed for such period in computation of benefits it shall be calculated on the basis of the compensation payable to the officers of the member's rank during the period of the member's absence. Notwithstanding any provision of sections 86.200 to 86.366 to the contrary, the retirement system governed by sections 86.200 to 86.366 shall be operated and administered in accordance with the applicable provisions of the Uniformed Services Employment and Reemployment Rights Act of 1994, as amended.

3. The service retirement allowance of each present and future retired member who terminated employment as a police officer and actually retired from service after attaining age fifty-five or after completing twenty years of creditable service shall be increased annually at a rate not to exceed three percent as approved by the board of trustees beginning with the first increase in the second October following the member's retirement and subsequent increases in each October thereafter, provided that each increase is subject to a determination by the board of trustees that the consumer price index (United States City Average Index) as published by the United States Department of Labor shows an increase of not less than the approved rate during the latest twelve-month period for which the index is available at the date of determination; and provided further, that if the increase is in excess of the approved rate for any year, such excess shall be accumulated as to any retired member and increases may be granted in subsequent years subject to a maximum of three percent for each full year from October following the member's retirement but not to exceed a total percentage increase of thirty percent. In no event shall the increase described under this subsection be applied to the amount, if any, paid to a member or surviving spouse of a deceased member for services as a special consultant under subsection 5 of this section **[or, if applicable, subsection 6 of this section]**. If the board of trustees determines that the index has decreased for any year, the benefits of any retired member that have been increased shall be decreased but not below the member's initial benefit. No annual increase shall be made of less than one percent and no decrease of less than three percent except that any decrease may be limited in amount by the initial benefit.

4. In addition to any other retirement allowance payable under this section and section 86.250, a member, upon termination of employment as police officer and actual service retirement, may request payment of the total amount of the member's mandatory contributions to the retirement system without interest. Upon receipt of such request, the board shall pay the retired member such total amount of the member's mandatory contributions to the retirement system to be paid pursuant to this subsection within sixty days after such retired member's date of termination of employment as a police officer and actual retirement.

5. Any person who is receiving retirement benefits from the retirement system, upon application to the board of trustees, shall be made, constituted, appointed and employed by the board of trustees as a special consultant on the problems of retirement, aging and other matters, for the remainder of the person's life or, in the case of a deceased member's surviving spouse, until [the earlier of] the person's death [or remarriage], and upon request of the board of trustees shall give opinions and be available to give opinions in writing or orally, in response to such requests, as may be required. For such services the special consultant shall be compensated monthly, in an amount which, when added to any monthly retirement benefits being received from the retirement system, including any cost-of-living increases under subsection 3 of this section, shall total six hundred fifty dollars a month. This employment shall in no way affect any person's eligibility for retirement benefits under this chapter, or in any way have the effect of reducing retirement benefits, notwithstanding any provisions of law to the contrary.

86.254. SPECIAL ADVISORS, QUALIFICATIONS, DUTIES, COMPENSATION — EFFECTIVE, WHEN — SURVIVING SPOUSES AS ADVISORS, WHEN, COMPENSATION. — 1. Beginning July 1, 1994, in addition to any other annuity, benefits, or retirement allowance provided pursuant to sections 86.200 to 86.366, each present and future retired member after attaining the age of sixty years shall, upon application to the board of trustees, be made, constituted, appointed and employed by the board of trustees as an advisor on the problems of retirement, aging and other matters, for the remainder of the retired member's life, and upon request of the board of trustees shall give opinions in writing or orally in response to such requests as may be required.

2. For the performance of duties required in subsection 1 of this section, each retired member employed as an advisor by the board of trustees shall be compensated monthly in an amount of ten dollars per month multiplied by the number of years the retired member is past the age of sixty years. The compensation provided by this subsection shall be adjusted annually. No funding shall be required prior to the effective date of this benefit.

3. Beginning October 1, 1999, in addition to any other benefit provided to any surviving spouse pursuant to sections 86.200 to 86.366, each present and future surviving spouse of a member after attaining the age of sixty years shall upon application to the board of trustees, be made, constituted, appointed and employed by the board of trustees as an advisor on the problems of retirement, aging and other matters for the remainder of the surviving spouse's life [or until the surviving spouse remarries, whichever is earlier], and upon request of the board of trustees shall give opinions in writing or orally in response to such requests as may be required.

The compensation provided by this subsection shall be adjusted annually.

In no event shall the monthly benefit payable for the lifetime of the member be greater than the amount that would have been payable to the member under subsection 7 or 8 of section 104.103, whichever is applicable, had the former spouse died on the date of the dissolution of marriage. Any increase in the annuity amount pursuant to this subsection shall be prospective and effective the first of the month following the date of receipt by the system of a certified copy of the dissolution decree that meets the requirements of this subsection.

(6) Shall terminate upon the death of either the member or the alternate payee, whichever occurs first;

(7) Shall not create an interest which is assignable or subject to any legal process;

(9) Shall be consistent with any other division of benefits orders which are applicable to the same member;

(10) Shall not require the applicable retirement system to continue payments to the alternate payee if the member's retirement benefit is suspended or waived as provided by this chapter but such payments shall resume when the retiree begins to receive retirement benefits in the future.

2. A system established by this chapter shall provide the court having jurisdiction of a dissolution of marriage proceeding or the parties to the proceeding with information necessary to issue a division of benefits order concerning a member of the system, upon written request from either the court, the member or the member's spouse, which cites this section and identifies the case number and parties.

3. A system established by this chapter shall have the discretionary authority to reject a division of benefits order for the following reasons:

(1) The order does not clearly state the rights of the member and the alternate payee;

(2) The order is inconsistent with any law governing the retirement system.

4. The amount paid to an alternate payee under an order issued pursuant to this section shall be based on the plan the member was in on the date of the dissolution of marriage; except that any annual benefit increases subject to division shall be based on the actual annual benefit increases received after the retirement plan election.

5. Any annuity payable under section 104.625 that is subject to a division of benefit order under this section shall be calculated as follows:

(1) In instances of divorce after retirement, any service or compensation of a member between the retroactive starting date and the annuity starting date shall not be considered creditable service or compensation; and

2. Upon reemployment under subsection 1 of this section, the member shall be considered to be a new employee with no previous creditable service and must accrue creditable service continuously for at least one year in order to receive any additional annuity. Any retired member who again becomes an employee and who accrues additional creditable service and later retires shall receive an additional amount of monthly annuity calculated to include only the creditable service and the average compensation earned by the member since such employment or creditable service earned as a member of the general assembly. Years of membership service and twelfths of a year are to be used in calculating

In either event, the original annuity and the additional annuity, if any, shall be paid commencing with the end of the first month after the month during which the member's term of office has been completed, or the member's employment terminated. If a retired member is employed by a department in a position that does not normally require the person to perform duties during at least one thousand forty hours per year, the member shall not be considered an employee as defined pursuant to section 104.010. A retired member who becomes reemployed as an employee on or after August 28, 2001, in a position covered by the Missouri department of transportation and highway patrol employees' retirement system shall not be eligible to receive retirement benefits or additional creditable service from the state employees' retirement system. Annual benefit increases paid under section 104.415 shall not accrue while a retired member is employed as described in this section except, notwithstanding the provisions of section 105.684 to the contrary, those retired members serving as a member of the general assembly under section 104.370 or an elected state official under section 104.371. Any future annual benefit increases paid after the member terminates such employment will be paid in the same month as the member's original annual benefit increases were paid. Any disability benefit payable pursuant to this subsection shall be decreased by any amount paid to such uniformed member of the water patrol by reason of the workers' compensation laws of this state. After termination of payment under workers' compensation, however, any such reduction and disability benefits shall be restored.

2. The board of trustees may require a medical examination of any uniformed member of the water patrol who is receiving disability benefits pursuant to this section at any time by a designated physician, and disability benefits shall be discontinued if the board finds that such member is able to perform the duties of the member's former position, or if such member refuses to submit to such an examination.

3. The disability benefits described in this section shall not be paid to any uniformed member of the water patrol who has retained or regained more than fifty percent of the member's earning capacity. If any uniformed member of the water patrol who has been receiving disability benefits again becomes an employee, the member's disability benefits shall be discontinued, the member's prior period of creditable service shall be restored, and any subsequent determination of benefits due the member or the member's survivors shall be based on the sum of the member's creditable service accrued to the date the member's disability benefits commenced and the period of creditable service after the member's return to employment.

The rate of pay for purposes of calculating retirement benefits for a member or person described in this subsection who becomes disabled and retires on or after August 28, 1999, shall be the member's or person's regular monthly compensation received at the time of disablement, increased thereafter for any increases in the consumer price index. Such increases in the member's monthly pay shall be made annually beginning twelve months after disablement and shall be equal to eighty percent of the increase in the consumer price index during the calendar year prior to the adjustment, but not more than five percent of the member's monthly pay immediately before the increase. Such accruals shall continue until the earliest of: receipt of an early retirement annuity, attainment of normal retirement eligibility or termination of disability benefits.

7. A member or person who continues to be disabled as provided in subsection 6 of this section until the member's normal retirement age shall be eligible to retire on the first day of the month next following the member's or person's final payment pursuant to section 104.518 or, if applicable, subsection 1 of this section. A member or person who retires pursuant to this subsection shall receive the greater of the normal annuity or the minimum annuity, if applicable, determined pursuant to sections 104.370, 104.371, 104.374 and 104.615, and section 287.820, and section 476.530 as if the member or person had continued in the active employ of the employer until the member's or person's retirement benefit goes into pay status, the disability benefits cease being paid to the member or person, or the member or person is no longer disabled, whichever comes first and the member's or person's compensation for such period had been the member's or person's rate of pay immediately preceding the date the member or person became disabled.

8. If a member who has been disabled becomes an employee again and if the member was disabled during the entire period of the member's absence, then the member shall resume active participation as of the date of reemployment. Such a member shall receive creditable service for the entire period the member was disabled as provided in subsection 6 of this section.

9. If a member ceases to be disabled and if the member does not return to work as provided in subsection 8 of this section, the member's rights to further benefits shall be determined in accordance with sections 104.335, 104.380, 104.400, 104.420 and 104.615 as though the member had withdrawn from service as of the date the member ceased to be disabled, as determined by the system.

10. Members of the general assembly who are accruing service under subsection 6 of this section shall continue to accrue service until the earliest of attainment of normal retirement age eligibility, termination of disability benefits, or the end of the member's constitutionally mandated limit on service as a member of the general assembly for the chamber in which the member was serving at the time of disablement.

11. Statewide elected officials who are accruing service under subsection 6 of this section shall continue to accrue service until the earliest of attainment of normal retirement age eligibility, termination of disability benefits, or the end of the statewide elected official's constitutionally mandated limit on service as a statewide elected official for the office in which the statewide elected official was serving at the time of disablement.

104.436. FINANCING PATTERN FOR CONTRIBUTION DETERMINATIONS — COMMISSIONER OF ADMINISTRATION TO CERTIFY PAYMENT. — 1. The board intends to follow a financing pattern which computes and requires contribution amounts which, expressed as percents of active member payroll, will remain approximately level from year to year and from one generation of citizens to the next generation. Such contribution determinations require regular actuarial valuations, which shall be made by the board's actuary, using assumptions and methods adopted by the board after consulting with its actuary. The entry age normal cost valuation method shall be used in determining the normal cost, and contributions for unfunded accrued liabilities shall be determined using level percent-of-payroll amortization calculation.

2. At least ninety days before each regular session of the general assembly, the board shall certify to the division of budget the contribution rate necessary to cover the liabilities of the plan administered by the system, including costs of administration, expected to accrue during the next appropriation period. The commissioner of administration shall request appropriation of the amount calculated pursuant to the provisions of this subsection. Following each pay period, the commissioner of administration shall requisition and certify the payment to the executive director of the Missouri state employees' retirement system. The executive director shall promptly deposit the amounts certified to the credit of the Missouri state employees' retirement fund.

3. The employers of members of the system who are not paid out of funds that have been deposited in the state treasury shall remit promptly to the executive director an amount equal to the amount which the state would have paid if those members had been paid entirely from state funds. The executive director shall promptly deposit the amounts certified to the credit of the Missouri state employees' retirement system fund.

4. These amounts are funds of the system, and shall not be commingled with any funds in the state treasury.

104.490. CORRECTION OF ERRORS IN AMOUNT PAID MEMBERS — FALSIFICATION OF RECORDS, PENALTY — SURVIVOR OR BENEFICIARY CHARGED WITH KILLING MEMBER, DENIAL OF BENEFITS, RESUMPTION OF PAYMENTS IF NOT CONVICTED. — 1. Should any error result in any member or beneficiary receiving more or less than he or she would have been entitled to receive had the error not occurred, the board shall correct such error, and, as far as practicable, make future payments in such a manner that the actuarial equivalent of the benefit to which such member or beneficiary was entitled shall be paid, and to this end may recover any overpayments. In all cases in which such error has been made, no such error shall be corrected unless the system discovers or is notified of such error within ten years after the [initial] member's annuity starting date or date of error, whichever occurs later. In cases of fraud, any error discovered shall be corrected without concern to the amount of time that has passed.

2. A person who knowingly makes a false statement, or falsifies or permits to be falsified a record of the system, in an attempt to defraud the system is subject to fine or imprisonment pursuant to the Missouri revised statutes.

3. The board of trustees of the Missouri state employees' retirement system shall cease paying benefits to any survivor or beneficiary who is charged with the intentional killing of a member without legal excuse or justification. A survivor or beneficiary who is convicted of such charge shall no longer be entitled to receive benefits. If the survivor or beneficiary is not convicted of such charge, the board shall resume payment of benefits and shall pay the survivor or beneficiary any benefits that were suspended pending resolution of such charge.

All benefits and premiums are paid solely from the separate account for medical, life insurance and disability benefits provided pursuant to this section.

2. Such amounts shall include the cost of providing life insurance benefits for each active employee who is a member of the Missouri state employees' retirement system, a member of the public school retirement system and who is employed by a state agency other than an institution of higher learning, a member of the retirement system established by sections 287.812 to 287.855, the judicial retirement system, each legislator and official holding an elective state office, members not on payroll status who are receiving workers' compensation benefits, and if the state highways and transportation commission so elects, those employees who are members of the state transportation department employees' and highway patrol retirement system; if the state highways and transportation commission so elects to join the plan, the state shall contribute an amount as appropriated by law for medical benefits for those employees who are members of the transportation department employees' and highway patrol retirement system; an additional amount equal to the amount required, based on competitive bidding or determined actuarially, to fund the retired members' death benefit or life insurance benefit, or both, provided in subsection 4 of this section and the disability benefits provided in section 104.518. This amount shall be reported as a separate item in the monthly certification of required contributions which the commissioner of administration submits to the state treasurer and shall be deposited to the separate account for medical, life insurance and disability benefits. All such premium amounts shall be paid to the board of trustees at the time that each employee's wages or salary would normally be paid. The premium amounts so remitted will be placed in the separate account for medical, life insurance and disability benefits. In lieu of the availability of premium deductions, the board may establish alternative methods for the collection of premium amounts.

(b) The lump sum payment described in subdivision (3) of this section shall not be subject to any division of benefit order; and

(5) For purposes of determining annual benefit increases payable as part of the lump sum and annuity provided pursuant to this section, the retroactive starting date shall be considered the member's date of retirement.

While reemployed the retiree shall be considered to be a new employee with no previous credited service and must accrue credited service continuously for at least one year in order to receive any additional annuity. Such retiree shall receive an additional annuity in addition to the original annuity, calculated based only on the credited service and the pay earned by such retiree during reemployment and paid in accordance with the annuity option originally elected; provided such retiree who ceases to receive an annuity pursuant to this section shall not receive such additional annuity if such retiree is employed by a department in a position that is covered by a state-sponsored defined benefit retirement plan not created pursuant to this chapter. The original annuity and any additional annuity shall be paid commencing as of the end of the first month after the month during which the retiree's reemployment terminates. 104.1051. ANNUITY DEEMED MARITAL PROPERTY — DIVISION OF BENEFITS — CALCULATION. — 1. Any annuity provided pursuant to the year 2000 plan is marital property and a court of competent jurisdiction may divide such annuity between the parties to any action for dissolution of marriage if at the time of the dissolution the member has at least five years of credited service pursuant to sections 104.1003 to 104.1093. A division of benefits order issued pursuant to this section:

(6) Shall terminate upon the death of either the member or the former spouse, whichever occurs first;

(7) Shall not create an interest which is assignable or subject to any legal process;

(8) Shall include the name, address, and date of birth of both the member and the former spouse, and the identity of the retirement system to which it applies;

(9) Shall be consistent with any other division of benefits orders which are applicable to the same member;

(10) Shall not require the applicable retirement system to continue payments to the alternate payee if the member's retirement benefit is suspended or waived as provided by this chapter but such payments shall resume when the retiree begins to receive retirement benefits in the future.

2. A system shall provide the court having jurisdiction of a dissolution of a marriage proceeding or the parties to the proceeding with information necessary to issue a division of benefits order concerning a member of the system, upon written request from either the court, the member, or the member's spouse, citing this section and identifying the case number and parties.

Matter underscored is proposed language.

- (2) The order is inconsistent with any law governing the retirement system.

4. Any member of the closed plan who elected the year 2000 plan pursuant to section 104.1015 and then becomes divorced and subject to a division of benefits order shall have the division of benefits order calculated pursuant to the provisions of the year 2000 plan.

5. Any annuity payable under section 104.1024 that is subject to a division of benefit order under this section shall be calculated as follows:

(1) In instances of divorce after retirement, any service or pay of a member between the retroactive starting date and the annuity starting date shall not be considered creditable service or pay; and

(2) The lump-sum payment described in subdivision (3) of subsection 6 of section 104.1024 shall not be subject to any division of benefit order.

104.1060. ERRONEOUS AMOUNT PAID, CORRECTION — PENALTY FOR FALSIFICATION — DISQUALIFICATION FROM RECEIPT OF PAYMENTS, WHEN. — 1. Should any error result in any person receiving more or less than the person would have been entitled to receive had the error not occurred, the board shall correct such error, and, as far as practicable, make future payments in such a manner that the actuarial equivalent of the annuity to which such person was entitled shall be paid, and to this end may recover any overpayments. In all cases in which such error has been made, no such error shall be corrected unless the system discovers or is notified of such error within ten years after the [initial] member's annuity starting date or the date of error, whichever occurs later. In cases of fraud, any error discovered shall be corrected without concern to the amount of time that has passed.

2. A person who knowingly makes a false statement, or falsifies or permits to be falsified a record of the system, in an attempt to defraud the system shall be subject to fine or imprisonment under the Missouri revised statutes.

104.1066. ACTUARIAL VALUATIONS, METHODS USED — CERTIFICATION OF CONTRIBUTION RATE, WHEN. — 1. The year 2000 plan intends to follow a financing pattern which computes and requires contribution amounts which, expressed as percents of active member payroll, will remain approximately level from year to year and from one generation of citizens to the next generation. Such contribution determinations require regular actuarial valuations, which shall be made by the board's actuary, using assumptions and methods adopted by the board after consulting with its actuary. The entry age-normal cost valuation method shall be used in determining the normal cost[, and contributions for unfunded accrued liabilities shall be determined using level percent-of-payroll amortization] calculation. For purposes of this subsection and section 104.436, the actuary shall determine a single contribution rate applicable to both closed plan and year 2000 plan participants and, in determining such rate, make estimates of the probabilities of closed plan participants transferring to the year 2000 plan.

2. At least ninety days before each regular session of the general assembly, the board of the Missouri state employees' retirement system shall certify to the division of budget the contribution rate necessary to cover the liabilities of the year 2000 plan administered by such system, including costs of administration, expected to accrue during the next appropriation period. The commissioner of administration shall request appropriations based upon the contribution rate so certified. From

appropriations so made, the commissioner of administration shall certify contribution amounts to the state treasurer who in turn shall immediately pay the contributions to the year 2000 plan.

3. The employers of members covered by the Missouri state employees' retirement system who are not paid out of funds that have been deposited in the state treasury shall remit following each pay period to the year 2000 plan an amount equal to the amount which the state would have paid if those members had been paid entirely from state funds. Such employers shall maintain payroll records for a minimum of five years and shall produce all such records as requested by the system. The system is authorized to request from the state office of administration an appropriation out of the annual budget of any such employer in the event such records indicate that such employer has not contributed the amounts required by this section. The office of administration shall request such appropriation which shall be equal to the amount necessary to replace any shortfall in contributions as determined by the system. From appropriations so made, the commissioner of administration shall certify contribution amounts to the state treasurer who in turn shall immediately pay such contributions to the year 2000 plan.

4. At least ninety days before each regular session of the general assembly, the board of the transportation department and highway patrol retirement system shall certify to the department of transportation and the department of public safety the contribution rate necessary to cover the liabilities of the year 2000 plan administered by such system, including costs of administration, expected to accrue during the next biennial or other appropriation period. Each department shall include in its budget and in its request for appropriations for personal service the sum so certified to it by such board, and shall present the same to the general assembly for allowance. The sums so certified and appropriated, when available, shall be immediately paid to the system and deposited in the highway and transportation employees' and highway patrol retirement and benefit fund.

5. These amounts are funds of the year 2000 plan and shall not be commingled with any funds in the state treasury.

104.1072. LIFE INSURANCE BENEFITS — MEDICAL INSURANCE FOR CERTAIN RETIREES.

— 1. Each board shall provide or contract, or both, for life insurance benefits for employees covered pursuant to the year 2000 plan as follows:

(1) Employees shall be provided fifteen thousand dollars of life insurance until December 31, 2000. Effective January 1, 2001, the system shall provide or contract or both for basic life insurance for employees covered under any retirement plan administered by the system pursuant to this chapter, persons covered by sections 287.812 to 287.856, for employees who are members of the judicial retirement system as provided in section 476.590, and, at the election of the state highways and transportation commission, employees who are members of the [highways and] Missouri department of transportation [employees] and highway patrol employees retirement system, in the amount equal to one times annual pay, subject to a minimum amount of fifteen thousand dollars. The board shall establish by rule or contract the method for determining the annual rate of pay and any other terms of such insurance as it deems necessary to implement the requirements pursuant to this section. Annual rate of pay shall not include overtime or any other irregular payments as determined by the board. Such life insurance shall provide for triple indemnity in the event the cause of death is a proximate result of a personal injury or disease arising out of and in the course of actual performance of duty as an employee;

(2) Any member who terminates employment after reaching normal or early retirement eligibility and becomes a retiree within [sixty] sixty-five days of such termination shall receive five thousand dollars of life insurance coverage.

2. (1) In addition to the life insurance authorized by the provisions of subsection 1 of this section, any person for whom life insurance is provided or contracted for pursuant to such subsection may purchase, at the person's own expense and only if monthly voluntary payroll deductions are authorized, additional life insurance at a cost to be stipulated in a contract with a private insurance company or as may be required by a system if the board of trustees determines that the system should provide such

insurance itself. The maximum amount of additional life insurance which may be so purchased prior to January 1, 2004, is that amount which equals six times the amount of the person's annual rate of pay, subject to any maximum established by a board, except that if such maximum amount is not evenly divisible by one thousand dollars, then the maximum amount of additional insurance which may be purchased is the next higher amount evenly divisible by one thousand dollars. The maximum amount of additional life insurance which may be so purchased on or after January 1, 2004, is an amount to be stipulated in a contract with a private insurance company or as may be required by the system if the board of trustees determines that the system should provide the insurance itself.

(2) Any person defined in subdivision (1) of this subsection may retain an amount not to exceed sixty thousand dollars of life insurance following the date of his or her retirement if such person becomes a retiree the month following termination of employment and makes written application for such life insurance at the same time such person's application is made to the board for retirement benefits. Such life insurance shall only be provided if such person pays the entire cost of the insurance, as determined by the board, by allowing voluntary deductions from the member's annuity.

(3) In addition to the life insurance authorized in subdivision (1) of this subsection, any person for whom life insurance is provided or contracted for pursuant to this subsection may purchase, at the person's own expense and only if monthly voluntary payroll deductions are authorized, life insurance covering the person's children or the person's spouse or both at coverage amounts to be determined by the board at a cost to be stipulated in a contract with a private insurer or as may be required by the system if the board of trustees determines that the system should provide such insurance itself.

(4) Effective July 1, 2000, any member who applies and is eligible to receive an annuity based on the attainment of at least forty-eight years of age with a total of years of age and years of credited service which is at least eighty shall be eligible to retain any optional life insurance described in subdivision (1) of this subsection. The amount of such retained insurance shall not be greater than the amount in effect during the month prior to termination of employment. Such insurance may be retained until the member's attainment of the earliest age for eligibility for reduced Social Security retirement benefits but no later than age sixty-two, at which time the amount of such insurance that may be retained shall be that amount permitted pursuant to subdivision (2) of this subsection.

3. The state highways and transportation commission may provide for insurance benefits to cover medical expenses for members of the [highways and] Missouri department of transportation [employees] and highway patrol employees' retirement system. The state highways and transportation commission may provide medical benefits for dependents of members and for retired members. Contributions by the state highways and transportation commission to provide the benefits shall be on the same basis as provided for other state employees pursuant to the provisions of section 104.515. Except as otherwise provided by law, the cost of benefits for dependents of members and for retirees and their dependents shall be paid by the members or retirees. The commission may contract with other persons or entities including but not limited to third-party administrators, health network providers and health maintenance organizations for all, or any part of, the benefits provided for in this section. The commission may require reimbursement of any medical claims paid by the commission's medical plan for which there was third-party liability.

4. The [highways and] Missouri department of transportation [employees] and highway patrol employees' retirement system may request the state highways and transportation commission to provide life insurance benefits as required in subsections 1 and 2 of this section. If the state highways and transportation commission agrees to the request, the [highways and] Missouri department of transportation [employees] and highway patrol employees' retirement system shall reimburse the state highways and transportation commission for any and all costs for life insurance provided pursuant to subdivision (2) of subsection 1 of this section. The person who is covered pursuant to subsection 2 of this section shall be solely responsible for the costs of any additional life insurance. In lieu of the life insurance benefit in subdivision (2) of subsection 1 of this section, the [highways and] Missouri

(1) The obligation to provide such life insurance shall be primarily that of the insurer or service organization and secondarily that of the board;

(2) Any member who has been denied life insurance benefits by the insurer or service organization and has exhausted all appeal procedures provided by the insurer or service organization may appeal such decision by filing a petition against the insurer or service organization in a court of law in the member's county of residence; and

(3) The board and the system shall not be liable for life insurance benefits provided by an insurer or service organization pursuant to this section and shall not be subject to any cause of action with regard to life insurance benefits or the denial of life insurance benefits by the insurer or service organization unless the member has obtained judgment against the insurer or service organization for life insurance benefits and the insurer or service organization is unable to satisfy that judgment.

(2) Member contributions picked up by the employer shall be paid from the same source of funds used for the payment of pay to a member. A deduction shall be made from each member's pay equal to the amount of the member's contributions picked up by the employer. (4) The contributions, although designated as employee contributions, shall be paid by the employer in lieu of the contributions by the member. The member shall not have the option of choosing to receive the contributed amounts directly instead of having them paid by the employer to the retirement system;

Effective June 30, 2014, and each June thirtieth thereafter, the interest crediting rate shall be equal to the investment rate that is published by the United States Department of Treasury, or its successor agency, for fifty-two week treasury bills for the relevant auction that is nearest to the preceding July first, or a successor treasury bill investment rate as approved by the board if the fifty-two week treasury bill is no longer issued. Interest credits shall cease upon termination of employment if the member is not a vested former member. Otherwise, interest credits shall cease upon retirement or death;

A vested former member or a former member who is not vested who receives a refund shall forfeit all the member's credited service and future rights to receive benefits from the system and shall not be eligible to receive any [long-term] disability benefits; provided that any member or vested former member receiving [long-term] disability benefits shall not be eligible for a refund. If such member subsequently becomes an employee and works continuously for at least one year, the credited service previously forfeited shall be restored if the member returns to the system the amount previously refunded plus interest at a rate established by the board;

(7) The beneficiary of any member who made contributions shall receive a refund upon the member's death equal to the amount, if any, of such contributions and interest credited thereon less any retirement benefits received by the member unless an annuity is payable to a survivor or beneficiary as a result of the member's death. In that event, the beneficiary of the survivor or beneficiary who received the annuity shall receive a refund upon the survivor's or beneficiary's death equal to the amount, if any, of the member's contributions less any annuity amounts received by the member and the survivor or beneficiary.

(b) If the member or a person retired on disability retirement dies before attaining age fifty-five but after acquiring five but fewer than twenty-five years of creditable service, and the person named as the member's beneficiary has an insurable interest in the life of the deceased member, the designated beneficiary may elect to receive either a payment of the member's accumulated contributions, or survivorship benefits under option 2 to begin on the date the member would first have been eligible to receive an actuarial equivalent of the member's retirement allowance, or to begin on the date the member would first have been eligible to receive the retirement allowance provided in subsection 1 or 2 of this section.

9. The monetary benefits for a member who elected not to exercise an option to pay into the system a retroactive contribution of four percent on that part of the member's annual salary rate which was in excess of four thousand eight hundred dollars but not in excess of eight thousand four hundred dollars for each year of employment in a position covered by this system between July 1, 1957, and July 1, 1961, as provided in subsection 10 of this section as it appears in RSMo, 1969, shall be the sum of:

(1) For years of service prior to July 1, 1946, six-tenths of the full amount payable for years of membership service;

(2) For years of membership service after July 1, 1946, in which the full contribution rate was paid, full benefits under the formula in effect at the time of the member's retirement;

(3) For years of membership service after July 1, 1957, and prior to July 1, 1961, the benefits provided in this section as it appears in RSMo, 1959; except that if the member has at least thirty years of creditable service at retirement the member shall receive the benefit payable pursuant to that section as though the member's age were sixty-five at retirement;

(4) For years of membership service after July 1, 1961, in which the two-thirds contribution rate was paid, two-thirds of the benefits under the formula in effect at the time of the member's retirement.

11. The monetary benefits for each other member for whom federal Old Age and Survivors Insurance tax is or was paid at any time from state or local funds on account of the member's employment entitling the member to membership in the system shall be the sum of:

(1) For years of service prior to July 1, 1946, six-tenths of the full amount payable for years of membership service;

(2) For years of membership service after July 1, 1946, in which the full contribution rate was paid, full benefits under the formula in effect at the time of the member's retirement;

(3) For years of membership service after July 1, 1957, in which the two-thirds contribution rate was paid, two-thirds of the benefits under the formula in effect at the time of the member's retirement.

12. 7. Subject to appropriation, the state of Missouri may pay administrative costs associated with the creation, maintenance, operation, and management of the plan and trust until sufficient assets are available in the administrative fund for that purpose. Thereafter, all administrative costs of the administrative fund, including any repayment of start-up funds provided by the state of Missouri, shall be repaid only out of moneys on deposit therein. However, private funds or federal funding received in order to implement the program until the administrative fund is self-sustaining shall not be repaid unless those funds were offered contingent upon the promise of such repayment.

Any judge who is at least sixty-seven years of age and who has served less than twelve years and is otherwise qualified under sections 476.515 to 476.565 may retire after reaching age sixty-seven, or thereafter, at a reduced retirement compensation in a sum equal to the proportion of the retirement compensation provided in section 476.530 that his or her period of judicial service bears to twelve years.

3. Any person who is at least sixty-two years of age or older, has served in this state an aggregate of at least twenty years, continuously or otherwise, as a judge, and ceases to hold office by reason of the expiration of the judge's term, voluntary resignation, or retirement pursuant to the provisions of Subsection 2 of Section 24 of Article V of the Constitution of Missouri may receive benefits as provided in sections 476.515 to 476.565. (2) Judge contributions picked up by the employer shall be paid from the same source of funds used for the payment of compensation to a judge. A deduction shall be made from each judge's compensation equal to the amount of the judge's contributions picked up by the employer. This deduction, however, shall not reduce the judge's compensation for purposes of computing benefits under the retirement system pursuant to this chapter;

(3) Judge contributions so picked up shall be credited to a separate account within the judge's individual account so that the amounts contributed pursuant to this section may be distinguished from the amounts contributed on an after-tax basis;

Interest credits shall cease upon retirement or death of the judge;

(6) A judge whose employment is terminated may request a refund of his or her contributions and interest credited thereon. If such judge is married at the time of such request, such request shall not be processed without consent from the spouse. A judge is not eligible to request a refund if the judge's retirement benefit is subject to a division of benefit order pursuant to section 104.312. Such refund shall be paid by the system after ninety days from the date of termination of employment or the request, whichever is later and shall include all contributions made to any retirement plan administered by the system and interest credited thereon. If such judge subsequently becomes a judge and works continuously for at least one year, the service previously forfeited shall be restored if the judge returns to the system the amount previously refunded plus interest at a rate established by the board;

(7) The beneficiary of any judge who made contributions shall receive a refund upon the judge's death equal to the amount, if any, of such contributions and interest credited thereon, less any retirement benefits received by the judge unless an annuity is payable to a survivor or beneficiary as a result of the judge's death. All funding contracts in effect prior to the effective date of sections 436.550 to 436.572 are not subject to the terms of sections 436.550 to 436.572.

10. If it appears to the director that any consumer legal funding company is failing, refusing, or neglecting to make a good faith effort to comply with the provisions of sections 436.550 to 436.572, or any laws or rules relating to consumer legal funding, the director may issue an order to cease and desist, which may be enforceable by a civil penalty of not more than one thousand dollars per day for each day that the neglect, failure, or refusal continues. The penalty shall be assessed and collected by the director. In determining the amount of the penalty, the director shall take into account the appropriateness of the penalty with respect to the gravity of the violation, any history of previous violations, and any other matters justice may require.

11. If any consumer legal funding company fails, refuses, or neglects to comply with the provisions of sections 436.550 to 436.572, or of any laws or rules relating to consumer legal funding, its license may be suspended or revoked by order of the director after a hearing before said director on any order to show cause why such order of suspension or revocation should not be entered and that specifies the grounds therefor. (3) The director may also make such special investigations or examination as the director deems necessary to determine whether any consumer legal funding company has violated any of the provisions of sections 436.550 to 436.572 or rules promulgated thereunder, and the director may assess the reasonable costs of any investigation or examination incurred by the division to the company.

13. The division of finance shall have the authority to promulgate rules to carry out the provisions of sections 436.550 to 436.572. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are

This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2002, shall be invalid and void.

A request for such a waiver so submitted shall only become effective by executive order not sooner than ninety days after the final adjournment of the session of the general assembly to which it is submitted, unless it is disapproved within sixty days of its submission to a regular session by a senate or house resolution adopted by a majority vote of the respective elected members thereof, unless the request for such a waiver is made subject to appropriation or directed by statute.

3. Coverage for an unborn child enrolled in the show-me healthy babies program shall include all prenatal care and pregnancy-related services that benefit the health of the unborn child and that promote healthy labor, delivery, and birth.
